Sub. No. 1 THE COMMISSIONER'S CORNER

Greetings my Distinguished Colleagues,

I trust that you have been having a great week and that you did find some time for R&R, as was instructed.

Last week Friday, November 15, our Police Federation hosted a first of its kind Health Fair and Farmers' Market, at the Police Officers' Club. The Federation partnered with a host of sponsors, such as the Police Cooperative Credit Union, the Jamaica Fire Brigade, the National Housing Trust, our Medical Services Branch, Express Fitness, Sagicor, Portmore Hospital, Diagnostic Eye Care, National Health Fund, Syntex Vision, The Diabetes Association of Jamaica, Administrator-General's Department, Pricemart Foods, National Insurance Scheme; and many others, whose support helped to make it a resounding success!

I was truly impressed and inspired by the display of talent and the creative, entrepreneurial skills of our very own members. One such who comes to mind is Detective Sergeant Zadia-Kay Smith; of the Technical Services Division, who is the founder of Jerdon's Essentials. Her impressive range of handmade, natural, organic skin and hair care products was professionally packaged, and seemed to have been able to rival some of the best in the market. I want to register my appreciation and commendation to the Jamaica Police Federation, under the leadership of Sergeant Arlene McBean, for organising such a marvellous event. Great going guys!

Colleagues, we are here again, on the eve of another weekend, and on the verge of closing out another week of hard work and valiant efforts in driving the numbers down. Notwithstanding the effort, we saw a rather bad 24 hours between Tuesday and Wednesday. When these things happen, we just have to review our posture to see if there was any gap that could have been taken advantage of by criminal offenders, and make the necessary adjustments, if there were. Our swift response as well, is important to reducing the risk of a continuation of the acts of violence in reprisal for those that occurred. One thing however, that we cannot afford to do is to be daunted by these setbacks. We do not have the luxury of frustration. We have to press on and do what we do – keep our people safe.

As we approach the festive season, let us redouble our efforts in this final sprint in 2024. We expect to see heightened activities on our roadways and public spaces, as people prepare for the holiday season. Unfortunately, those who wish to prey upon shoppers and persons going about their business, will also seek to increase their activities. We, therefore, have to step our operations up a notch, to ensure that our people have a safe festive season. I know most of you who provide great support to our frontline officers from your non-geographic formations, are looking forward to joining our colleagues on the streets during this season. I too, along with the rest of the High Command, will be predominantly on the frontline with you for the rest of 2024. I have no doubt about our commitment and ability to make this season one of the safest that we have ever seen.

Colleagues, recently I asked for your opinion on permitting the wearing of neatly groomed beards in uniform. We issued a survey instrument to solicit your feedback. You have spoken. The response was overwhelmingly in favour of allowing the wearing of neatly groomed beards in uniform. There was a total of 2,812 respondents, of which 2,788 (99%) consented to participate. Given our current strength, the representative sample was 19%, which is relatively high. Males constituted 86% of the participants. Thirty nine percent of the Gazetted Officers and 20% of the rank and file participated. Eighty one percent of the participants either strongly agreed or agreed that "The wearing of neatly trimmed facial hair in uniform enhances the professional image of the organisation".

THE COMMISSIONER'S CORNER (CONT'D)

Interestingly, 90% of respondents either strongly agreed or agreed with the statement, "The wearing of neatly trimmed facial hair in uniform is a sign of a modern police service" and a meagre 7% either strongly agreed or agreed with the statement "The wearing of neatly trimmed facial hair in uniform may negatively impact the public's perception of police officers during the performance of their duties". A more detailed report on the study will be made available to you via All Staff in short order and we will commence drafting the amendment to the grooming policy, which will include the associated constraints and conditions.

Colleagues take care and have a restful weekend. May it bring you peace, joy and the energy to embrace the days to come, as we approach the busy Yuletide Season.

Until next week, walk good.

Sub. No. 2 UNAUTHORIZED USE OF JAMAICA DEFENCE FORCE IDENTIFICATION CARD

It has been brought to the attention of the Jamaica Defence Force (JDF) that there is an increasing prevalence of the persons using JDF Identification (ID) Cards in an unauthorized and illegal way. This includes the use of expired and fake ID cards to access services. This often brings the JDF into disrepute and sometimes poses a security risk to law abiding citizens.

Members of the Jamaica Constabulary Force (JCF) are to be aware of these practices and, should any action be deemed necessary under the law, then the Headquarters (HQ) of the JDF is to be advised of such unauthorized or illegal use of the military's property and, or of the use of any fake ID cards.

To verify or validate an identification card, the HQ JDF Duty Officer may be contacted at: 876-754-6904, 876-960-8876 or 876-788-4363.

Force Orders No. 4041, Part I, Sub. No. 5 dated 2024-11-14, is hereby republished for general information.

As the Jamaica Constabulary Force strives to enhance operational efficiency through the ongoing implementation of the Workforce Management Solution (WMS), it is crucial to continuously review and strengthen internal controls to uphold the organisation's core values of integrity, accountability and operational excellence. This aligns with the organisation's Strategic Priority of Improving Accountability and Professional Standards.

REMINDER - REVISED OVERTIME CEILINGS AND STRENGTHENING INTERNAL CONTROLS FOR THE WORKFORCE MANAGEMENT SOLUTION (WMS) (CONT'D)

Revised Overtime Ceilings

Effective **Sunday, November 17, 2024**, a significant measure, aimed at balancing operational demands with the well-being of all members will be implemented. Scheduled weekly hours will now be capped at fifty (50), which includes forty (40) normal hours and an additional ten (10) hours of overtime, when deemed necessary. These extra hours are subject to approval by Commanders and must be reflected in the Duty Forecast prepared monthly by the Duty Sub-Officer. Importantly, any requirement for extra hours beyond this ceiling will need approval, on a case-by-case basis, from the relevant Portfolio Officer. Such requests must be submitted in Orders format, accompanied by projected man-hours and budgetary considerations.

Internal Management Controls

To reinforce accountability and operational integrity, the following key roles will be reviewed and approved by each Portfolio Officer:

1. **Duty Sub-Officer** - Tasked with preparing Duty Forecasts, under the guidance of their respective verifying and authorizing officers. They must ensure that actual hours worked are consistent with station diaries and other supporting documents for accurate verification.
2. **Verifying Officer** - Accountable for reviewing the Duty Forecasts and Timesheets prepared by the Duty Sub-Officer. This role is critical to ensuring that all documentation is complete and meets operational standards.
3. **Authorizing Officer** - Entrusted with the review and approval of both the Duty Forecasts and Time Sheets (the actual work completed). Their approval is vital to the accountability of our operations at all levels.

These measures are designed not only to enhance operational capabilities, but also to safeguard the integrity of the organisation's Workforce Management System. Going forward, the primary objective, which is fundamental to the sustainability and effectiveness of the Force, is to maintain law and order, while ensuring the safety, well-being and professional development of all members.

It is also important to emphasize that the welfare of all members remains a strategic priority for the High Command. By maintaining the integrity of Force systems and processes, the organisation is better positioned to support and protect its most valuable asset – our members.
