Force Orders No. 3650, Part I, Sub. No. 5, dated 2017-05-18, is hereby republished for general information.

The following guidelines for preparation of Last Will and Testament are published for general information.

WHY YOU SHOULD MAKE A WILL

- Your assets (all that you own) will be divided among your loved ones according to your wishes.
- Your executor(s) will be entitled to act immediately upon your death thereby reducing the likelihood of damage to or theft of estate property.
- Proper provisions can be made for your dependents by establishing a trust to provide for schooling and other expenses.
- Shorter turnaround time for the administration of your estate.
- You can express your wishes about your funeral, burial or cremation.

GUIDELINES FOR MAKING A WILL

- A. Full name, occupation and address of testator (person making the Will).
- B. An appointed Executor(s), (the person(s) responsible for administering your estate).
- C. Assets must be properly described, identified and beneficiaries named.
- D. Residuary clause to dispose of assets not specifically stated in the Will.
- E. Date of Will.
- F. Signature or mark of the testator (e.g. an X) and that of two witnesses.

IMPORTANT FACTS YOU SHOULD KNOW

1. Do not ask a person you intend to give a gift or their spouse to witness your signature.
2. An Executor can be a beneficiary **or** a witness but cannot be both.
3. The two witnesses must be present at the same time and sign the Will in the presence of the Testator.
4. Marriage automatically revokes a Will. If you get married, a new Will must be drawn up.
5. A Will only takes effect after your death.

Attached to these Orders as [Appendix 'C'](#) is a specimen of a last will and testament for general information and guidance.

We are now approaching the hurricane season for 2017 and it is imperative that all ranks be reminded of the actions to be taken in the event that a hurricane affects Jamaica, during the hurricane, or after the passage of the hurricane.

An immediate audit must be conducted on the number of lanterns available at each police station and where there is an inadequate number; representation must be made to the Assistant Commissioner of Police incharge Services Branch for additional supplies.

HURRICANE STANDING ORDERS

1. The purpose of these Orders is to ensure that:-
 - (a) hurricane warnings are disseminated to all police formations;
 - (b) all practicable precautions are taken in advance to minimize the risk of injury to personnel and the loss or damage to equipment and buildings during a hurricane; and
 - (c) the police take action immediately after a hurricane to make a rapid survey of damage and report to Headquarters, affording possible assistance to those in distress as well as the Municipal Corporations and the Office of Disaster Preparedness and Emergency Management.

WARNING PROCEDURE

2. Information regarding the progress of hurricanes in the Caribbean is supplied by the Meteorological Office to this Headquarters.
3. When a hurricane is likely to affect Jamaica, warnings will be phased as follows:-

PHASE 1	When a notification is received that a hurricane which is likely to affect Jamaica is in the Caribbean. (Hurricane Alert).

The Harbour Master will cause the following signals to be displayed in Kingston from the flagstaff at his Headquarters, New Port East-

BY DAY	Two red flags with black center squares
BY NIGHT	Two red lights vertically placed six feet apart.

It is appreciated that some rural stations may not receive PHASE4 warning in time and therefore sub-officers incharge stations should listen to the radio stations after the PHASE 3 warning has been issued.

5. At PHASE 2, a National Control Room will be set up at 103 Old Hope Road (Office of the Commissioner of Police) with JDF representatives and necessary equipment.
6. The police will be represented by the Assistant Commissioner of Police incharge Operations Branch and Superintendent of Police incharge Telecommunications Division. MOBILE RELIEF COLUMNS

Assistant Commissioner of Police, Mobile Reserve, will therefore maintain a Special Store of suitable food, water and first aid items for this purpose.

The purpose of the Mobile Relief Column will be to render assistance after the hurricane to persons, especially children, marooned and suffering in otherwise inaccessible areas.

ASSISTANCE TO MET OFFICE

25. When members of the staff are unable to contact their office at the Norman Manley International or Donald Sangster International Airports after a hurricane, they will report to the Motorized Patrol Division, Elletson Road or the Freeport Police Station in Montego Bay for assistance.

The Police Officer concerned will contact the National Works Agency to provide transport and will render any other assistance possible.

If telephone communication is impossible or non-existent when the MET Office wishes to pass a hurricane bulletin to Police Headquarters, etc., such bulletin will be passed in writing to the police station at the Norman Manley International Airport.

The police there will pass the information to PECC by the fastest means available. The Officer at PECC will then notify the following as to its contents – Radio Stations, Telephone Companies and Central Emergency Relief Committee.

All members will ensure that they are aware of the provisions of the Hurricane Standing Orders.

Area, Branch and Divisional Commanders will ensure that all ranks are lectured on the requirements of these Orders, and will forthwith make suitable arrangements for the protection of Force vehicles (including police launches), buildings and other items of Government Property under their control in the event of a hurricane.

For the last years, the ACCP and Motorola Solutions Foundation have worked together to assist the police in each of the 25-member countries in the promotion and support of youth and community development programs. As proof of our ongoing commitment to the region and appreciation for ACCP's work, the Motorola Foundation is making a donation of Thirty thousand dollars for the Motorola Solutions Foundation/ ACCP Scholarship Fund, to be divided among 10 selected applicants (between the ages of 16 and 25) covering the 2017 -2018 School year.

APPENDIX 'B' (CONT'D) TO FORCE ORDERS NO. 3653 DATED 2017-06-08

Sample Essay

Accepted by Harvard

Of all the characters that I've "met" through books and movies, two stand out as people that I most want to emulate. They are Attacus Finch from *To Kill A Mockingbird* and Dr. Archibald "Moonlight" Graham from *Field of Dreams*. They appeal to me because they embody what I strive to be. They are influential people in small towns who have a direct positive effect on those around them. I, too, plan to live in a small town after graduating from college, and that positive effect is something I must give in order to be satisfied with my life.

Both Mr. Finch and Dr. Graham are strong supporting characters in wonderful stories. They symbolize good, honesty, and wisdom. When the story of my town is written I want to symbolize those things. The base has been formed for me to live a productive, helpful life. As an Eagle Scout, I represent those things that Mr. Finch and Dr. Graham represent. In the child/adolescent world I am Mr. Finch and Dr. Graham, but soon I'll be entering the adult world, a world in which I'm not yet prepared to lead.

I'm quite sure that as teenagers Attacus Finch and Moonlight Graham often wondered what they could do to help others. They probably emulated someone who they had seen live a successful life. They saw someone like my grandfather, 40-year president of our hometown bank, enjoy a lifetime of leading, sharing, and giving. I have seen him spend his Christmas Eves taking gifts of food and joy to indigent families. Often when his bank could not justify a loan to someone in need, my grandfather made the loan from his own pocket. He is a real-life Moonlight Graham, a man who has shown me that characters like Dr. Graham and Mr. Finch do much much more than elicit tears and smiles from readers and movie watchers. Through him and others in my family I feel I have acquired the values and the burning desire to benefit others that will form the foundation for a great life. I also feel that that foundation is not enough. I do not yet have the sophistication, knowledge, and wisdom necessary to succeed as I want to in the adult world. I feel that Harvard, above all others, can guide me toward the life of greatness that will make me the Attacus Finch of my town.

ADMISSIONS COMMITTEE COMMENTS:
This essay is a great example of how to answer this question well. This applicant chose characters who demonstrated specific traits that reflect on his own personality. We believe that he is sincere about his choices because his reasons are personal (being from a small town, and so forth). He managed to tell us a good deal about himself, his values, and his goals while maintaining a strong focus throughout

APPENDIX 'D' HIV: FACTS AND FIGURES – MEDICAL SERVICES BRANCH
TO FORCE ORDERS NO. 3653 DATED 2017-06-08

HIV: FACTS AND FIGURES

HIV stands for human immunodeficiency virus, which is the virus that causes HIV infection. The abbreviation "HIV" can refer to the virus or to HIV infection.

AIDS stands for acquired immunodeficiency syndrome. AIDS is the most advanced stage of HIV infection.

HIV attacks and destroys the infection-fighting [CD4 cells](#) of the [immune system](#). The loss of CD4 cells makes it difficult for the body to fight more than 20 infections and certain cancers. Without treatment, HIV can gradually destroy the immune system and advance to AIDS.

HIV can be transmitted through:

- unprotected sexual intercourse (vaginal or anal) or oral sex with an infected person;
- transfusions of contaminated blood or blood products or transplantation of contaminated tissue;
- the sharing of contaminated injecting equipment and solutions (needles, syringes) or tattooing equipment;
- through the use of contaminated surgical equipment and other sharp instruments;
- the transmission between a mother and her baby during pregnancy, childbirth and breastfeeding.

Key ways to prevent HIV transmission:

- practice safe sexual behaviours such as using condoms;
- get tested and treated for sexually transmitted infections, including HIV to prevent onward transmission;
- avoid injecting drugs, or if you do, always use sterile needles and syringes;
- ensure that any blood or blood products that you might need are tested for HIV;
- if you have HIV start antiretroviral therapy as soon as possible for your own health and to prevent HIV transmission to your sexual or drug using partner or to your infant (if you are pregnant or breastfeeding);
- demand post-exposure prophylaxis if there is the risk that you have been exposed to HIV infection in both occupational and non-occupational settings;

APPENDIX 'D' (CONT'D) TO FORCE ORDERS NO. 3653 DATED 2017-06-08

Globally, an estimated 36.7 million (34.0 - 39.8 million) people were living with HIV in 2015, and 1.8 million (1.5 - 2.0 million) of these were children. The vast majority of people living with HIV are in low and middle-income countries. An estimated 2.1 million (1.8 - 2.4 million) people were newly infected with HIV in 2015. An estimated 35 million people have died from HIV related causes so far, including 1.1 million (940 000 - 1.3 million) in 2015.

Treatment

Combination antiretroviral therapy (ART) prevents HIV from multiplying in the body if the reproduction of HIV stops, then the body's immune cells are able to live longer and provide the body with protection from infections. Effective ART results in a reduction in viral load; the amount of virus in the body, greatly reducing the risk of transmitting the virus between sexual partners. If the HIV positive partner in a couple is on effective ART, the likelihood of sexual transmission to the HIV-negative partner can be reduced by as much as 96%. Expanding coverage of HIV treatment contributes to HIV prevention efforts.

In addition to ART it is important for someone with HIV to lead healthy lifestyle thus maximizing the body's immune system or resistance to fight against infections and cancers. Healthy lifestyle will include balanced nutrition, adequate rest, physical and mental exercise, avoid Sexually Transmitted Infections and avoid use of substances such as alcohol abuse and smoking.

HIV testing with the recommended pre-test and post-test counseling is provided at the Medical Services Branch Mondays to Fridays and during the mobile Healthy Lifestyle programme. So know your status by getting tested.
