Sub. No. 5 REMINDER - CANCELLATION OF DEFAULTS

Force Orders No. 3783, Part I, Sub. No. 4 dated 2019-12-05, is hereby republished for general information.

The undermentioned extract from Rule 1.5 of the Book of Rules for the Jamaica Constabulary Force (1988) is hereby republished for the general information of members and for compliance by Commanding Officers.

1.5 (c) "The Commanding Officer of a branch, division or section is authorized to make recommendation (through the Officer in charge of Areas in the case of Divisions) during January of each year, in favour of a member whose service in his opinion, prior to the year in which the application is being made has been meritorious and whose Divisional Record Sheet, for a period of seven (7) years, contains no record of any default, with a view to expunging previous defaults of the seven year period".

Commanding Officers are to ensure that the Record of Service Sheets for members under their command are checked and the requisite recommendation made during the month of February 2018 to the Assistant Commissioner of Police in charge Administration Branch regarding the cancellation of defaults for those eligible.

Sub. No. 6 REMINDER - GRANTING OF LEAVE IN THE YULETIDE SEASON

Force Orders No. 3783, Part I, Sub. No. 5 dated 2019-12-05, is hereby republished for general information.

Commanding Officers are hereby reminded of the need to manage the grant of vacation leave and departmental leave in the period leading up to and during the yuletide season.

Rule 4.16 of the Book of Rules is relevant and states:

'Departmental leave may not be granted to any member between the 20th December and the 6th day of January, except in exceptional circumstances.'

Steps are therefore to be taken to ensure the availability of an adequate number of personnel to treat with the exigencies associated with the period leading into the Christmas season.

Commanding Officers are also required to submit a report to Assistant Commissioner of Police, Administration in instances where members granted vacation leave or departmental leave up to December 19, report sick thereafter.

Sub. No. 7 REMINDER - FIREWORKS, FIRECRACKERS, SQUIBS, ETC.

Force Orders No. 3783, Part I, Sub. No. 6 dated 2019-12-05, is hereby republished for general information.

An import licence is required to bring into the island pyrotechnic articles such as fireworks. Persons found trading in such goods without the required licence shall be subjected to prosecution and seizure of goods.

The activating, discharging or throwing of any squibs, firecracker or any other illegal fireworks in any public place is prohibited by section 3(N) of the Town and Communities Act. Persons found committing any such offence are liable for prosecution.

The activating, discharging or throwing of any squibs or firecrackers is not only frightening but many members of the public find it difficult to differentiate between the explosions of squibs or firecrackers and that of a firearm. This practice becomes more prevalent during the yuletide season and requires increased vigilance by law enforcement officials.

In addition, it is also on record that a number of houses have caught fire as a result of illegal fireworks and were either totally or partially destroyed.

Attached to these Orders as Appendices 'B' to 'D' are letters of appreciation from the persons named and a Certificate of Appreciation:-

1. BACKGROUND

The Jamaica Constabulary Force (JCF) continues to evaluate its Human Rights and Police Use of Force and Firearms Policy with the aim of incorporating emerging techniques and technologies to enhance officer and public safety. Accordingly, the organization has placed increased emphasis on putting into greater use less lethal options geared towards the management of on-going and/or emerging public order situations and breaches of the peace.

One such effort is to adopt Electronic Control Weapons (ECWs) as a tool to more effectively manage public order situations and breaches of the peace. Electronic Control Weapons offer members options to use force that is objectively reasonable to effectively bring an incident under control, while protecting the safety of the public, subject, member and others.

2. PURPOSE

This document outlines the JCF’s policy and standard operating procedures for the acquisition, management and disposal of ECWs.

3. SCOPE

This policy and standard operating procedures applies to all sworn and unsworn members (including contractors), and covers the acquisition, deployment, use, maintenance and disposal of ECWs in the JCF.

4. DEFINITIONS

Active Resistance - The use of non-assaultive physical measures including flight by unarmed suspects in order to resist and/or prevent a member from gaining control

Competent Member - Any member of the JCF who has received the prescribed training, certification and/or biennial recertification, and is authorized to carry and use ECW.

Electronic Control Weapon (ECW) - A device that uses electricity to impair voluntary muscular responses or to cause discomfort in order to gain compliance; overcome resistance; or capture, control, and facilitate constraint.

APPENDIX 'A' (CONT'D) TO FORCE ORDERS NO. 3784 DATED 2019-12-12

Elevated Risk Population - Individuals who are potentially at greater risk of injury or death following exposure to an ECW. These include those who reasonably appear or, are known to be elderly, medically infirm, pregnant, users of internal cardiac devices, or who have low body mass, such as small children

Passive Resistance - A refusal by an unarmed person not reasonably perceived to be an immediate threat or flight risk to comply with a member's verbal commands or physical control techniques that do not involve the use of physical force, control, or resistance of any kind.

Secondary Injury – Any unintended injury sustained by a subject during the application of ECW. These include but not limited to: injuries sustained from falling and ignition due to presence of flammable substance.

5. POLICY STATEMENTS

The management of ECWs within the JCF shall incorporate best known practices as advanced by, but not limited to: the Constitution of Jamaica, the Universal Declaration of Human Rights, all relevant local laws, the Jamaica Constabulary Force's Human Rights and Police Use of Force and Firearms, Ethics and Integrity and Police Public Interaction Policies and Standard Operating Procedures.

It is the policy of the JCF that:

- 5.1 ECWs shall be used in self-defense or defense of others;
- 5.2 ECWs may be used in cases of Active Resistance where the subject is exhibiting active aggression or is actively resisting in a manner that, in the competent member's judgment, is likely to result in injuries to self or others;
- 5.3 in exceptional circumstances, ECWs may be used in cases of Passive Resistance, handcuffed or fleeing subjects, **only** if justified by the need to protect suspects, bystanders, or members;
- 5.4 the use of ECWs shall accord with the principle of proportionality; that is, the anticipated injury or harm to be prevented is equal to, or greater than the harm which is likely to be caused by the use of the ECW, and that law enforcement objective cannot be achieved by a lesser degree of force;
- 5.5 only competent members shall be issued with and/or use ECWs;
- 5.6 ECWs shall be carried in the approved holster;
- 5.7 ECWs shall be managed in accordance with their manufacturers' guide;
- 5.8 ECWs should be used as a tool of need and not one of convenience. This means that members should not over-rely on ECWs in situations where more effective alternatives which use a lesser degree of force, such as verbal de-escalation, are available and appropriate. The ECW may be used when other less-lethal options are not practical, or their use will not achieve the desired law enforcement objective;
- 5.9 ECWs shall not normally be used on *Elevated Risk Population*; however, in exceptional cases, the devices may be used **only** if justified by the need to protect suspects, bystanders, or members from imminent physical harm;
- 5.10 ECWs shall not be placed in the position where the member usually carries, or is expected to carry his/her firearm;

APPENDIX 'A' (CONT'D) TO FORCE ORDERS NO. 3784 DATED 2019-12-12

- 5.11 ECWs shall not be intentionally aimed at sensitive areas of the body such as the face, eyes, head, throat, female breasts, groin, genital, or known pre-existing injury areas;
- 5.12 the management of ECWs shall be of such that it minimizes the likelihood of multiple users on a single subject.
- 5.13 there shall be a *Jamaica Constabulary Force Electronic Control Weapon Register* within which the record of all issuing and receiving of ECWs shall be entered.

6. GENERAL GUIDELINES

6.1 Acquisition and Distribution

- 6.1.1 The JCF will use only approved ECWs acquired through the Government of Jamaica (GOJ) procurement guidelines.
- 6.1.2 All ECWs will be stored at the central armoury for distribution.

6.2 Maintenance

- 6.2.1 Scheduled maintenance and repair of ECWs shall be conducted by qualified and approved technicians and consistent with the terms and conditions stipulated by the manufacturer. This is important in order to (i) ensure optimal functionality and durability of the equipment and (ii) protect the GOJ's recourse to the manufacturer/supplier in respect of all warranty provisions and entitlements.

6.3 Disposal

- 6.3.1 Disposal of ECWs shall be effected via the *Asset Disposal Guidelines* mandated by the Ministry of Finance with authorization of the Ministry of National Security (MNS).

7. OPERATIONAL PROCEDURE

7.1 Deployment of ECW

The following procedures must be adopted when using ECWs:

- 7.1.1 all ECWs must be treated as loaded;
- 7.1.2 before deployment, competent members must consider the totality of circumstances such as; the suspect's movement, officer's visibility and ability to accurately deploy the device, the risk of accidental contact with unintended sections of the body or other persons and the likelihood of secondary injury;
- 7.1.3 members should never pull a firearm and ECW at the same time;
- 7.1.4 the ECW and police canine should never be deployed simultaneously on a subject;
- 7.1.5 competent members issued with ECW must also be issued with the appropriate medical kit;
- 7.1.6 as far as is practicable, competent members should issue the following verbal warning prior to deployment: "*Taser Taser Taser*". During this warning, competent members should also activate the arc mechanism of the device;

APPENDIX 'A' (CONT'D) TO FORCE ORDERS NO. 3784 DATED 2019-12-12

- 7.1.7 after the verbal warning, a reasonable amount of time should be allowed for the subject to comply, unless giving time to comply will increase the risk of injury to subject, members or others;
- 7.1.8 in the event there is the need to use ECW, it shall be discharged for an initial five second cycle;
- 7.1.9 after the initial cycle, in the event that the subject appears to be incapacitated, members must act quickly and effectively in order to control the subject; and
- 7.1.10 in the event the subject does not appear to be incapacitated and the situation is still warranted, the competent member may consider further secondary deployments each lasting in five seconds duration. The subject should not be exposed to more than three ECW cycles, that is, fifteen seconds of electric discharge.

7.2 Post-Deployment

Members shall obtain medical assistance for subjects if any of the following occurs:

- 7.2.1 the subject requests medical attention;
- 7.2.2 the subject received secondary injury;
- 7.2.3 the probe made contact with a sensitive area of the body;
- 7.2.4 there is difficulty removing the expended probes from the body;
- 7.2.5 the subject does not appear to be recovering in a manner consistent with training and experience;
- 7.2.6 the subject is part of the Elevated Risk Population;
- 7.2.7 the subject has been exposed to three or more ECW cycles;
- 7.2.8 the subject has been simultaneously exposed to the effects of more than one ECW device; and
- 7.2.9 the subject reasonably appears to be affected by mental illness or is in medical distress.
