FORCE ORDERS (CONT'D)

4TH NOVEMBER, 2021

SERIAL NO. 3883

**Sub. No. 6 REMINDER – MANDATORY USE OF ACCIDENT REPORT BOOKLETS (ARB) FOR
TRAFFIC ACCIDENT INVESTIGATIONS**

Force Orders No. 3882, Part I, Sub. No. 4 dated 2021-10-28, is hereby republished for general information.

It has been gleaned from recent audits that Accident Report Booklets (ARB) are not being used consistently to record data when traffic accidents are reported to the Police. Instead, personnel are using a document commonly called the 'minor accident form' to record traffic accident data. This practice is adversely affecting accident investigations. It is to be noted that all the information captured in the ARB is required for all accidents, whether the accident is fatal, serious, minor or damage only.

When the 'minor accident form' is used to record data regarding an accident, critical pieces of data are not captured, to include, data on the state of persons at the time of the accident (wearing of seatbelt, protective helmet, etc., the environment, sketches, types of junctions, weather condition, etc.) and other data surrounding vehicles (whether tinted, LHD/RHD, etc.). The practice prevents an investigator from examining all the evidence to properly investigate accidents and also reflects poorly on the Jamaica Constabulary Force whenever there are complaints/challenges regarding its inability to provide investigative updates and reports to the public and other stakeholders.

The Jamaica Constabulary Force has a responsibility to ensure that all traffic accidents are thoroughly and properly investigated, and this can only be done where comprehensive and accurate data is gathered in a standardized manner.

With immediate effect, the ARB must be used to record data relative to all traffic accidents.

Commanding Officers are to ensure that this directive is a subject at all briefings and lectures for the next four (4) weeks.

Sub. No. 7 REMINDER – IMPROPER USE OF SOCIAL MEDIA

Force Orders No. 3882, Part I, Sub. No. 5 dated 2021-10-28, is hereby republished for general information.

The Police High Command notes with concern an emerging social media trend involving members of the Jamaica Constabulary Force. Members in uniform have been observed in videos and photographs conducting themselves in ways that could be construed as inappropriate and unprofessional.

The posting and circulation of videos on platforms such as TikTok, Instagram and Facebook have had very damaging effects on the Force's image and has in some instances diminished the gains we have made in building public confidence. Additionally, such inappropriate postings have also had a demoralizing effect on the majority of members who are committed to conducting themselves in a professional manner as we serve the public.

In some postings, members have been observed posturing with service firearms and other items of government property whilst demonstrating behaviours and making comments that are not in keeping with the values and standards of our organisation. Members are reminded that authorization must be given in writing by the Commissioner of Police or his designate for their appearance and/or the use of government properties in any theatrical production (formal or informal) to include videos and photographs. Members are also reminded of the Jamaica

Commanding Officers are to ensure these orders form part of briefings and lectures of all members over the next four (4) weeks.

Sub. No. 8 REMINDER - PROTECTION AGAINST CORONAVIRUS (COVID-19)

Force Orders No. 3882, Part I, Sub. No. 6 dated 2021-10-28, is hereby republished for general information.

There is now a steady increase in the number of confirmed cases of coronavirus in Jamaica. As a result, the risk of members contracting the disease has increased significantly. Members are being reminded to take all the necessary precautions to reduce the risk of infection.

These include:

- Frequent hand-washing with soap and water for at least twenty (20) seconds or using an alcohol based hand sanitizer where appropriate
- Covering mouth and nose with tissue or utilizing the inner elbow rather than palm of hand while coughing
- Wearing a mask
- Frequent sanitization of surfaces with disinfectant
- Avoiding close contact with sick individuals
- Avoid touching eyes, nose and mouth with unwashed hands
- Avoid consuming raw or undercooked animal products
- Obtaining the yearly influenza (Flu) vaccine to reduce your chances of getting other types of respiratory viral infections

APPENDIX 'A' (CONT'D) TO FORCE ORDERS NO. 3883 DATED 2021-11-04

1.0 Introduction

Policies and standard operating procedures (SOPs) are important components in the Jamaica Constabulary Force's (JCF's) tool box. They provide guidelines on the organization's standards and communicate directions and protocols in keeping with laws, regulations and best known practices. Members are required to read, understand and apply policies and SOPs in order to optimize synergy between individual performance and the organization's mandate.

This Policy on the Management of Policies and Standard Operating Procedures represents a revised structure of how policies and SOPs will be managed in the JCF. More specifically, this policy is designed to ensure consistency in the structure of policies and SOPs, as well as how they are to be managed throughout their lifecycle.

2.0 Purpose

The purpose of the Policy on the Management of Policies and Standard Operating Procedures is to ensure standardization and uniformity in the development, review, amendment, identification, publication, distribution, protection, storage, archiving, retrieval, and disposition of all policies and SOPs in the JCF.

3.0 Scope

This Policy on the Management of Policies and Standard Operating Procedures applies to all sworn and unsworn members of the JCF and its auxiliary. It covers the agreed structure and lifecycle management of policies and SOPs to include their development, review, amendment, identification, publication, distribution, protection, storage, archiving, retrieval, and disposition. It does not apply to Policies and SOPs used in the administration and operation of the JCF Intelligence Formations.
