Force Orders No. 3764, Part I, Sub. No. 1 dated 2019-07-25, is hereby republished for general information.

Introduction

The Increase in violent crimes in Jamaica, occasioned primarily by armed gangs has resulted in policing response gaps in a police force organised for civil policing or peace keeping. This state of affairs has precipitated the need for a reorganization of the conduct of operations. Violence reduction successes and lessons learned from the *Enhanced Security Measures* (ESM) strategy have signaled the devolution of operational resources in particular areas and against criminal actors. The reorganization aims to increase the organization's capacity to suppress violence by targeting criminal actors and spaces.

Sub. No. 5 REMINDER - ANTI-CORRUPTION UNIT - INSPECTORATE AND PROFESSIONAL STANDARDS OVERSIGHT BUREAU (IPROB)

Force Orders No. 3764, Part I, Sub. No. 2 dated 2019-07-25, is hereby republished for general information.

Introduction

Force Orders No. 3174, Sub No. 2 dated April 3, 2008 established the Anti-Corruption Branch and promulgated the Jamaica Constabulary Force Anti-Corruption Policy. The Anti-Corruption Branch was later subsumed into the Major Organized Crime and Anti-Corruption Agency (MOCA) vide Force Orders No. 3510 dated September 11, 2014. However, the JCF Anti-Corruption Policy remains relevant, and as such this Force Orders has now been modified to bring the functions and responsibilities outlined in the policy under the mandate of the **Inspectorate and Professional Standards Oversight Bureau (IPROB)**.

The High Command has found it necessary to restructure the mechanism by which corruption among members is investigated. This vision has led to the establishment of an Anti-Corruption Unit which will operate within the Inspectorate and Professional Standards Oversight Bureau (IPROB). The unit will operate in accordance with the guidelines outlined below:-

Functions and Responsibilities:

- To investigate all cases of corruption involving members.
- To monitor the recording and investigation of all complaints of corruption made by or on behalf of the public against members.
- To put systems in place to facilitate a proactive approach concerning all matters of police corruption.
- Initiate and direct the investigation of all matters of corruption coming to its notice.
- Maintain a central registry of all reports investigated or reported and secure all such files for reference and internal analysis.
- To assess allegations, rumors or anonymous information pointing to corrupt behaviour involving members with a view to conducting investigation where warranted.
- Engage in public education in relation to cases of dishonesty and corruption.
- To ensure that all complaints are dealt with expeditiously, in an atmosphere of transparency with due regards for the rights of both the public and the police.
- To treat with any other matter so directed by the Commissioner of Police.

Procedure for handling of complaints/allegations of corruption by division, section and other police formations

Where a complaint of corruption is received at any police formation the senior sub-officer on duty shall cause the following to be done:

- Record a statement
- Initiate an investigation
- Submit the original statement to the Anti-Corruption Unit through his/her Commanding Officer under confidential cover.

The Anti-Corruption Unit, upon receipt of a complaint/allegation of corruption from a police station or other police formation will cause an investigation to be conducted into the matter.

REMINDER - ANTI-CORRUPTION - INSPECTORATE AND PROFESSIONAL STANDARDS OVERSIGHT BUREAU (IPROB) (CONT'D)

Complaints by Police against Police

Any member of the Force who has just cause to complain against another member for corruption, may make his complaint directly to the Anti-Corruption Unit of the Inspectorate and Professional Standards Oversight Bureau (IPROB).

Discipline and anti-corruption

The leadership of the Jamaica Constabulary Force is united in the view that the effectiveness of the Force in performing its functions is being seriously undermined by indiscipline and corruption. The crucial pre-requisite of public trust in raising our efficiency level will continue to elude the JCF unless its leadership demonstrates, in a visible way, the capacity and will to confront and defeat indiscipline and corruption. We recognize that organizational discipline is a mechanism for managerial control, and without it, there is an inevitable loss of leadership control over the Force. It is in such environment that corruption thrives. We therefore cannot make any separation between the two. Put simply, we cannot tolerate one while attempting to fight the other. Both must be aggressively confronted.

Commanding Officers are therefore expected to utilize the provisions of the Early Intervention System (EIS) to treat with deviant behavior among members before it escalates

Re-enlistment refusal

A complete review has been done of the policy for re-enlistment of personnel to make greater use of this administrative facility in identifying and removing corrupt, indisciplined and lazy members from the Force. The process now includes review of intelligence and anti-corruption profiles as well as performance and disciplinary records of members before they are re-enlisted. Persons found to be seriously compromised will be denied permission to re-enlist. Others who have pending disciplinary or unproven integrity issues will be subjected to further investigation and integrity test before re-enlistment.

Retirement in the public interest

Where applicable, members who are found to be involved in corrupt activities may also be retired in the public interest in keeping with the provision of Regulation 26 of the Police Service Regulations 1961.

This sub-head must form a series of lectures for the next four (4) weeks.

Sub. No. 7 REMINDER - ROAD TRAFFIC ACT - USE OF DEMONSTRATION (DEALER) PLATES

Force Orders No. 3764, Part I, Sub. No. 5 dated 2019-07-25, is hereby republished for general information.

It has been brought to the attention of the Police High Command that members are unsure as to how to enforce certain provisions of the Road Traffic Act when dealing with vehicles operating with demonstration plates.

The use of demonstration plates is provided for under Regulation 39 of the Road Traffic (Amendment) Regulations. The regulations provide for the issuing of demonstration plates by the Licensing Authority to motor vehicle dealers **in lieu of licence and registration plates**. Demonstration plates shall be affixed to the back and front of a vehicle in like manner as provided for in respect of ordinary registration plates – that is, affixed in an upright manner and clearly visible from the front and back of the vehicle respectively.

Regulation 39 stipulates that demonstration plates shall only be affixed to vehicles kept for sale by dealers and shall be removed immediately after the vehicle has been sold. Demonstration plates shall not be used on any vehicle carrying goods or passengers for hire or reward.

Vehicles being operated with **valid** demonstration plates are deemed to be licenced in keeping with the provisions of Section 12, The Road Traffic Act, 1938 which requires motor vehicles to be licenced and registered. Section 12 provides:-

" ... Provided further that in the case of motor vehicles brought into Jamaica ... by dealers in motor vehicles, the regulations made under this Act may provide for the issue of licences and registration plates and for the kind of licences and registration plates to be issued to such persons, and as to the conditions under which such licences and registration plates shall be issued and the duty payable".

Members **shall not** prosecute for "unlicensed motor vehicle" in cases where valid demonstration plates are properly affixed and clearly displayed.

Certificate of Fitness

Demonstration vehicles are required to have a valid certificate of fitness in accordance with Section 10, The Road Traffic Act. This shall be enforced in the usual manner.

Motor Vehicle Insurance Coverage

Demonstration vehicles are required to be covered by an up-to-date policy of insurance in accordance with Section 4, The Motor Vehicles Insurance (Third-Party Risks) Act. Special attention should be paid to restrictions by the insurance provider and where the dealer vehicle is being operated in contravention of the insurance policy, the operator may be prosecuted for not having motor vehicle insurance, in the usual manner. The insurance policy may, for example, restrict the class of persons permitted to drive the vehicle and impose limitations as to the use of the vehicle.

DPO/OROLSI/TO/2019/0128

The Secretariat of the United Nations presents its compliments to the Permanent Mission of Member State to the United Nations and has the honour to invite its Government to nominate individual police officers in active service for appointment on secondment to the United Nations Multidimensional Integrated Stabilization Mission in Mali (MINUSMA), for a period of one year. Any further contract extension can be granted on an exceptional basis provided there is a mission mandate requirement and the incumbent displays good performance, dedication, professionalism and the achieved results. The final decision on the extension is subject to approval by the United Nations and concurrence by the national authorities.

Details regarding the post/s for which the Secretariat is seeking qualified applicants are provided in the attached job opening/s No 2019-MINUSMA-86886-DOP. Also attached are the "Application Procedures for Positions in United Nations Police Components in Peacekeeping Operations and Special Political Missions Requiring Official Secondment from National Governments of Member States of the United Nations".

The Secretariat kindly requests the Permanent Mission to submit a separate application for each nominee for each job opening to the Selection and Recruitment Section/ Police Division/OROLSI/DPO, 1 UN Plaza, 7th floor, room DC1-721, in accordance with the above-referenced procedures, certifying that the nominee/s meet/s the requirements in the attached job opening/s. Applications submitted after the deadline specified in the job opening will not be considered.

The Permanent Mission is also requested to confirm that selected candidates will be released, in a timely manner, from the national police service obligations for service with the United Nations. It is also requested to ensure that the rank of each candidate submitted is indicated on the application. In addition, it is strongly recommended that Member States carefully pre-screen their applicants and submit only those candidates meeting all requirements for the position as described in the job opening/s.

Member States are strongly encouraged to nominate qualified female police officers. Preference will be given to equally qualified women candidates.

APPENDIX 'A' (CONT'D) TO FORCE ORDERS NO. 3765 DATED 2019-08-01

The Secretariat wishes to inform the Permanent Mission of Member State that, in an effort to streamline and expedite the procedures of recruiting seconded officers, candidates placed on a roster following the selection process may be considered for posts with similar functions within a period of two years and if recommended for deployment, further arrangements will be coordinated with the Permanent Mission in due course.

It should be noted that during the period of their secondment, officers may not transfer to alternative positions within the United Nations. As a result, the nomination of police officers who are currently United Nations staff members on secondment, will not be considered.

The Secretariat wishes to reiterate that promoting and encouraging respect for human rights is a core purpose of the United Nations and central to the delivery of its mandates. Should the Secretariat become aware of grave human rights violations which give rise to concerns as to the record and performance of [country] police personnel, this may constitute grounds to revoke its acceptance of such personnel to serve in UN peace operations. In the case of nominees who have been investigated for, charged with or prosecuted for any criminal offence, with the exception of minor traffic violations (driving while intoxicated or dangerous or careless driving are not considered minor traffic violations for this purpose), but were not convicted, the Government is requested to provide information regarding the investigation(s) or prosecutions concerned. The Government is also requested to certify that it is not aware of any allegations against its nominated candidates that they have committed or been involved, by act or omission, in the commission of any acts that may amount to violations of international human rights law or international humanitarian law.

The Secretariat recalls that it has a zero-tolerance approach to fraud and corruption. The Government is therefore requested to certify that there was no corruption or fraud in the nomination and extension procedures of police officers on secondment to the United Nations. Should the Secretariat become aware of allegations of corruption or fraud in the nomination or extension procedures of police officers on secondment, this may constitute grounds to revoke its acceptance of such personnel to serve in the United Nations as well as suspension of any future police deployments from the contributing country concerned.

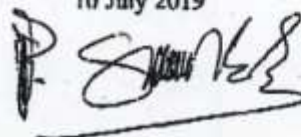

The Secretariat also recalls that the responsibilities of those personnel who are appointed to serve in United Nations peacekeeping or special political missions are exclusively international in character. They perform their functions under the authority of, and in full compliance with, the instructions of the

APPENDIX 'A' (CONT'D) TO FORCE ORDERS NO. 3765 DATED 2019-08-01

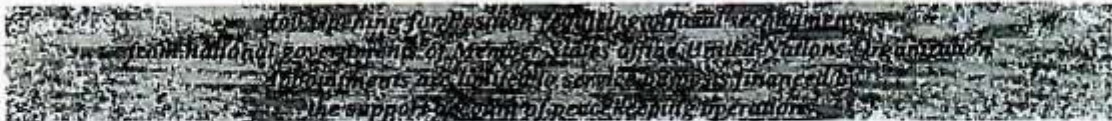

Secretary-General of the United Nations and persons acting on his behalf and are duty-bound not to seek or accept instructions in regard to the performance of their duties from any government or from other authorities external to the United Nations. Seconded personnel should carry out their functions in accordance with all applicable regulations, rules and procedures of the Organization.

The Secretariat of the United Nations avails itself of this opportunity to renew to the Permanent Mission of Member State to the United Nations the assurances of its highest consideration.
