Criminal Investigation Branch Case Management Standard Operating
Procedures for Audit and Inspection

Title: JCF Criminal Investigation Branch Case Management Standard Operating Procedure for Audit and Inspection	Number: JCF/CIB-HQ/PR/SSs/0001/2024
Effective Date: 22-Sept-2024	Pages: 58
Review Date: 22-Sept-2024	Distribution: CIB HQ, Area Crime Officers, Divisional Commanders, Divisional Crime Officers, Divisional Case Registry, Registrar, Station Managers, Minor Crime Desks.
Revision #: 1	Process Owners: DCP Crime Portfolio, Criminal Investigation Branch HQ
Rescinds: 01-May-2024	
Authors: CIB Legal Office	Owner: JCF
First Published: 01-May-2024	Review: Biennially

This Standard Operating Procedure (SOP) applicable to CIB HQ, Area & Divisional Crime Officers, Divisional Case Registrars and Station Managers captures the procedures to be adopted in auditing the Divisional Case Registries (DCR) and inspecting the DCR and Station Managers (minor crime registry) in keeping with the JCF Case Management Policy & SOP. The objectives of the SOP are:

1. To ensure the highest quality of auditing and inspecting the JCF investigations' services and processes;
2. To ensure a uniformed standard across the JCF for the system of auditing and inspecting the investigations' services and processes; and
3. Improve accountability and the management and supervision of all investigations' services and processes.

Definition

The definition for terms used in this policy will be adopted as provided for in the Case Management Policy & SOP except as specifically mentioned.

Auditor

The Area Crime Officer or any other person so appointed by ACP CIB as the case may be to audit any Divisional Case Registry or other Branch or Formations that provide investigations services.

Inspector

The Divisional Crime Officer and the Registrar for the Divisional Case Registry or any other person as appointed by ACP CIB, Area Crime Officer or Divisional Crime Officer as the case may be to inspect the Divisional Case Registry or the Minor Case Registry managed by Station Managers.

ACP CIB responsibilities include:

1. Report and make recommendations of audits and inspections findings to Deputy Commissioner Crime & Security Portfolio;
2. Monitor, measure, analyze and evaluate the audits and inspections of the investigations' services and processes and;
3. Set compliance standards for Divisional Case Registries and Station Managers for their effective and efficient operations.
4. Ensure all Formations, Divisions and Units with investigations' services be audited.

Area Crime Officer responsibilities include:

1. Conduct audits of the investigations' services and process of all Divisions under his/her management at least once per year;
2. Monitor, measure, analyze inspections done by Divisional Crime officers and Registrars in each Division under his/her command; and
3. Report audits and inspections findings to ACP CIB.

Divisional Crime Officer responsibilities include:

1. Conduct at least twice per year inspections of the investigations' services and processes of the DCR;
2. Monitor, measure, analyze inspections done by the Registrar under his/her command; and
3. Report inspections' findings to the Divisional Commander and Area Crime Officer.

Registrar responsibilities include:

1. Conduct inspections every four months of the investigations' services and processes managed by all Station Managers within the Division;
2. Supervise the investigations' services and processes managed by all Station Managers; and
3. Report inspections' findings to the Divisional Crime Officer.

A. Monitoring of Audits and Inspections

Monitoring the investigations' standard and processes will be done through audits and inspections in keeping with the Case Management Policy & SOPs. The following applies:

1. ACP CIB shall ensure that Auditors (Area Crime Officers etc.) to conduct annual or such other audits that may be instructed of the Divisional Case Registry of all Divisions under his supervision.
2. The setting of the dates to conduct audits will be done by ACP CIB in consultation with the Area Crime Officer.
3. The auditor upon completion of each audit will submit a report to ACP CIB within seven (7) days on completion.
4. ACP CIB on receiving these reports will evaluate the findings to identify strengths and weaknesses in the investigation services and make a decision.
5. ACP CIB in making a decision may:
 - i. communicate with the Area Crime Officers and direct that they cause the shortcomings identified during their audit to be corrected within a specific timeline.

- ii. cause the Divisional Commander to provide written updates to ACP CIB until the shortcomings are rectified.
 - iii. may convene a meeting with the Area and Divisional Crime Officers to provide an account based on the findings and may be tasked accordingly. The Divisional Commander may also be invited to this meeting.
 - iv. may take the necessary disciplinary action where applicable
6. ACP CIB shall compile a report and submit to DCP Crime & Security which will include, the findings, any decision made, or action taken along with his recommendations.

B. Conducting Audits by Area Crime Officer

Area Crime Officers (ACO) shall ensure inspections of the Divisional Case Registry are done by the Divisional crime Officer. ACO will audit the investigations' standard, services and processes and the following applies:

1. ACO shall audit against the Case Management Policy & SOP and all other relevant policies and be guided by the standard set by ACP CIB to conduct audits.
2. The auditor shall determine the number of other auditors that will compose the team and their roles and responsibilities. Responsibilities may be assigned based on competence for assigned areas.
3. The auditor shall prepare an audit plan prior to the day of the audit and communicate this to the Division being audited.
4. The auditor shall communicate with the Divisional Commander and the Divisional Crime Officer at least fourteen (14) days prior to a scheduled audit and agree on the date and period.
5. The auditor shall conduct an opening and a closing meeting with the Divisional Commander, Crime Officer and Registrar or any person so designated by them.
6. The auditor shall interview the Divisional Commander, Divisional Crime Officer, Registrar or their designate, and may interview the staff of the Registry or other personnel (such as initial investigators, Station Managers, supervisors).
7. The Auditor shall decide the process of auditing which shall be human and non-human interaction.
8. The ACO shall conduct the audit in person where practicable. This shall include interviews, sampling of files, records or documents, observations made, documented information, reports (including inspections), data base or data analysis.
9. On conclusion of the audit and at the closing meeting, the Lead Auditor shall communicate the conclusion of the audit to include the findings, the compliance level of the DCR, areas of conformity, where applicable, non-conformity and any recommendations.
10. Where non-conformities are identified, the Auditor shall issue a statement of non-conformity to the auditee.
11. A timeline for follow-up action shall be communicated to the Divisional Commander and Crime Officer.

12. The Divisional Commander and Crime Officer shall address all non-conformities to ensure they are not repeated by developing and implementing a plan with specific timelines using the relevant form as outlined in this SOP.
13. An indication of follow-up actions or activities shall be indicated to the Divisional Commander and Crime Officer which may be reviewed at follow-up audits.
14. Upon completion, the auditor shall submit a report to ACP CIB copied to ACP Area within seven (7) days.

C. Conducting Inspections by Divisional Crime Officer

Divisional Crime Officers (DCOs) shall ensure inspections of each Station Registry are done by the Divisional Registry. When conducting such inspection, the following applies:

1. DCO shall be guided by the standard set by ACP CIB to conduct inspections and the Case Management Policy & SOP and other related policies and SOPs shall be applicable.
2. The DCO shall determine the inspection team and assign their roles and responsibilities.
3. The DCO shall prepare an inspection plan prior to the day of the inspection.
4. The DCO shall inform with the Divisional Commander, the Area Crime Officer and the Registrar at least seven (7) days prior to a scheduled inspection.
5. The DCO shall conduct an opening and a closing meeting.
6. The DCO shall interview the Registrar and the staff of the Registry and may interview other personnel (such as initial investigators, investigators, station managers, supervisors).
7. The DCO shall conduct the inspection in person where practicable. This shall include interviews, sampling of files, records or documents, observations made, documented information, reports (including inspections), data base or data analysis.
8. The inspection is focused on ensuring case file quality, record management, completion of diaries are in compliance with accurate identification and traceability.
9. On conclusion of the inspection, the DCO shall communicate to the Registrar the conclusion of the inspection with findings, indicate the compliance level of the DCR, identify areas of conformity and non-conformity and make recommendations as necessary.
10. Where non-conformities are identified, the Inspector shall issue a statement of non-conformity to the inspected.
11. A timeline for corrections is communicated to the Registrar and the Registrar shall address all non-conformities to ensure they are not repeated and a plan developed to address them.
12. An indication of follow-up actions or activities must also be indicated to the Registrar which may be reviewed at the next inspection.
13. Upon completion, the DCO shall submit a report to the Divisional Commander and the Area Crime Officer rea within five (5) days.

14. Area Crime Officers shall conduct an analysis of the performance for all the Divisions within the Area and submit a report to CIB HQ within seven (7) days of receiving all inspection reports.
15. ACP CIB may request inspection reports.

D. Conducting Inspections by Registrar (DI)

The Registrar (Detective Inspectors (DIs)) will inspect the investigations' standard, services and processes of each Station Case Registry managed by Station Managers. When conducting such inspection, the following applies:

1. Registrar shall be guided by Case Management Policy & SOP and all other related Policies & Sops as well as the standard set by ACP CIB to conduct inspections.
2. The Registrar shall determine the inspection team and their roles and responsibilities.
3. The Registrar shall prepare an inspection plan prior to the day of the inspection and share this with the Station Manager.
4. He/she shall inform with the Divisional Crime Officer and the Station Manager of the planned inspection least seven (7) days to confirm his/her availability prior to a scheduled inspection.
5. The unavailability of a Station Manager shall not be a deterrent to an inspection being conducted and same shall be conducted by making other arrangements.
6. The Registrar shall conduct an opening and a closing meeting.
7. The Registrar during the inspection shall interview the Station Manager and other personnel (such as initial investigators, investigators, supervisors).
8. The Registrar shall be at liberty to decide the process of inspection which shall be human and non-human interaction.
9. The inspection shall be conducted in person where practicable. This shall include interviews, sampling of files, records or documents, observations made, documented information, reports (including previous inspections), data base or data analysis.
10. A timeline for corrections is communicated to the Station Manager and the Station Manager shall address all non-conformities to ensure they are not repeated and a plan developed to address them.
11. On conclusion of the inspection and at the closing meeting, the Registrar shall communicate to the Station Manager the conclusion of the inspection with the findings, indicate the compliance level of the Station Manager, identify areas of conformity and non-conformity and make recommendations as necessary.
12. An indication of follow-up actions or activities shall be indicated to the Station Manager which may be reviewed at the next inspection.
13. Non-conformities shall be addressed by the Station Manager to ensure they are not repeated, and a plan put in place to address them with specific timelines.
14. Upon completion, the Registrar shall submit a report to the Divisional Crime Officer within five (5) days.

15. The Divisional Crime Officer shall conduct an analysis of all inspections done within the Division to identify the performance and submit a report to the Commander and Area Crime Officer.
16. ACP CIB may request inspection reports and analysis reports.

E. General Procedures

1. ACP CIB shall develop a checklist for conducting audits and inspections.
2. Audit checklist is attached as Appendix 1.
3. Inspection checklists for the Divisional Crime Officer and the Divisional Registrar are attached as Appendix 2 and 3 respectively.
4. This checklist format shall be used by auditors and inspectors within the CIB and other auditors and inspectors as directed by ACP CIB.
5. The questions set out in the checklists may be used. However, there may be follow up questions and other identifiable areas not captured in the checklist that the auditor or the inspector should explore to ensure the best results. Auditors and inspectors may not follow the checklist slavishly.
6. Accounts given during interviews and documents submitted and reviewed shall be verified.
7. Audit and inspection findings shall be reviewed by the audit and inspection team before concluding.
8. Differences in opinion in areas of the audit and inspection should be resolved. Where this is not done, this shall be indicated in the audit and inspection report.
9. The audit and inspection reports shall be prepared using the format with the grading rubric therein.
10. Audit report is attached as Appendix 4 and the Inspection reports for the Divisional Crime officer and Divisional Registrar is attached as Appendix 5 and 6 respectively.
11. The compliance level for audits of all Divisional Case Registries is 60% and the compliance level for inspections of the Divisional Case Registry and Station Case Registries shall be 75%.
12. The various areas with the relevant weighting for audits and inspections to be assessed as outlined in the reports.
13. These appendices shall be version controlled by the JCF's Planning, Research and Development Branch (PRDB).
14. Sampling of case files or reports shall be done in accordance with the standards and accompanying table for guidance as set out in appendix 7.
15. The same file shall not be sampled in subsequent audits or inspections except where there is a follow up audit or inspection to verify whether any correction or corrective actions were taken in previously identified audit or inspection.
16. The auditor or inspector may use his or her judgement when sampling other areas based on the dynamics or complexities of the area being audited or inspected.
17. Where non-conformities are identified, the Divisional Commander and Crime Officer shall conduct a root cause analysis for audits and the Registrar and Station Manager shall

conduct root cause analysis for inspections done using the non-conformity template attached as appendix 8.

18. All non-conformity reports shall be submitted to the auditee or inspected withing fourteen (14) days of the audit or inspection.
19. The Auditee or the inspected shall develop a plan to address non-conformities and implement actions with specific timelines.
20. In subsequent or follow-up audits or inspections, non-conformities previously identified shall be reviewed and referenced in the reports for monitoring.
21. Verification for the implementation and progress to address all non-conformities shall be done by the Auditor and the inspector within three months of the report and non-conformity being issued. This verification shall be done using Appendix 9.
22. An update of the verification shall be submitted by the auditor and the inspectors to through the appropriate channel to reach ACP CIB no later than 7 days thereafter.
23. ACP CIB shall issue these appendices to all Area and Divisional Crime Officers as well as to all Registrars.
24. ACP CIB shall review the grading and weighting rubric each year as well as the compliance level minimum standard for auditing and inspections.
25. Non-conformity reports shall be given a unique reference number generated as follows:
 - i. Abbreviation of the organization (JCF) followed by forward slash (/);
 - ii. Criminal Investigation Branch Headquarters abbreviation (CIBHQ), then forward slash followed by the Area and the Division's abbreviation;
 - iii. Name of the station or Division's abbreviation being audited or inspected;
 - iv. Non-conformity abbreviation (NC) followed by forward slash;
 - v. Followed by the number generated in sequential order then forward slash followed by the year.
 - vi. E.g. **(JCF/CIBHQ/AREA4/SAC/MC/NC/001/2024)**

Case Management Audit Checklist

Organization /processes: JCF/Investigations’ services and processes

Date of audit:

Name of Auditors:

Compliance Level	Level of Risk	Colour Code
Low	High	1-49
Medium	Medium	50-69
High	Low	70-100

Audit Scope:	Audit date/s:	Lead Auditor:	Audit team:
Audit participants interviewed:	Auditee:		Audit site:

The report covers the following:				
High Compliance	Medium Compliance	Low Compliance	Type of Audit	Virtual Onsite

	Requirements/Questions	Documents Reviewed	Compliance (Yes/No) indicate level	Evidence
	Management and Resources (Competence, human, equipment, infrastructure)			
1.	How do you manage the Investigation processes? <i>(7.5 CMP&SOP)</i> How is the Investigation process addressed within the policing plan? What is your risk base approach to management of risk to investigative services? <i>(6.2, 8.5 AND 8.6 P&PMSOP)</i>			Inspections are being done (inspection reports), assess the clear up rate for major crime (60%), minor crimes separately, review the policing plan) <i>Divisional Commander should be able to identify threats to, and mitigate against threats, to the investigation services.</i> <i>Review the policing plan to determine that investigation is addressed.</i>
2.	How do you determine the requisite number of staff to effectively execute the mandate of the Divisional Case Registry? <i>(7.5.5 and APPENDIX 1 OR 2 CMP&SOP)</i>			Adequate personnel assigned based on the geographic profile. Review the org chart. Commander should Demonstrate that request for additional staff was made if adequate resources are not available
3.	How do you ensure the staff is competent to effectively carry out the mandate of the DCR? <i>(6.2, 8.5 AND 8.6 P&PMSOP)</i>			Training Plan should be documented.
4.	What system do you have in place to identify training and development needs of your staff? <i>(6.2, 8.5 AND 8.6 P&PMSOP)</i>			Training records should be provided.
5.	How do you determine the requisite resources (such as electronics, printers, stationery etc) needed to manage your investigations services effectively and efficiently? <i>(6.2, 8.5 AND 8.6 P&PMSOP)</i>			Resources needed should be outlined in the Divisional Plan Visual inspection to determine adequate resources and infrastructure. (Verify with Commander whether resources are requested if needed
6.	What system do you have in place to ensure staff is adequately resourced to perform their duties? <i>(6.2, 8.5 AND 8.6 P&PMSOP)</i>			Divisional plan (resource matrix). Applications for resources etc.
7.	How do you determine crime pattern, links between offences, trends			(Produce the DIU report to indicate compliance) IBIS reports, crime

	and hotspots to assist the investigative process			analysis reports etc.
8.	What system do you have in place to video or audio record confession? <i>(Check to see if the system is maintained and the person recording the video is trained, demonstration of usage is required)</i> (9.3.5CMP)			Check the facility to determine adequacy. Ask person to demonstrate the use of the recording device/equipment. Check files to see whether or not policy is complied with for those not audio/video recorded.
9.	How do you keep stakeholders informed regarding the progress of the Criminal Investigation? (Witness Management Standing Orders)			Records of update should be provided such as CR1 or CR2.
10.	What have you done to improve the working condition of your CIB staff? (6.2, 8.5 AND 8.6 P&PMSOP)			Ensure the CIB office has desks, air conditioning, filing cabinets, access to vehicles, social welfare, psychological and medical benefits/access. Request for resources in writing and actual efforts made and recorded in writing.
	Initial Investigation			
	Appreciation			
11.	What is the procedure when a complaint is received (9.1.11 CMP&SOP)			Conduct interview with staff (uniform/non-uniform). Look for receipt (CR10) under #15 and other records to indicate explanation.
12.	How do you ensure that case reports are being properly recorded (9.1.12)			Conduct interview with Station Manager/ Registrar Inspect and assess the adequacy of the crime reports.
13.	Are the relevant CR forms are completed properly?			Conduct a sampling of cases and inspect CR forms to see whether they are completed by the relevant persons at this stage.
14.	How do you ensure that the crimes are properly classified? (9.1.2)			Check the classification to determine conformance as per the Appendix
15.	How do you determine who investigates what category of crime? (9.1.2 and Appendix 5 CMP&SOP)			Conduct interview and check samples of files to see compliance.
16.	What system do you have in place to ensure statements and appropriate registries are recorded and completed respectively? (9.1 -			Conduct interview with supervisors (uniform/non-uniform) on duty and

	9.3 CMP&SOP)			check relevant records for evidence of compliance.
	Case Distribution & Assignment			
17.	How do you ensure the equitable distribution of case files? (CMP&SOP 9.2)			Review case load to assess each investigator’s load. Check training and competence of each and their ability to manage the case load and check criteria to be considered as outlined in the policy.
18.	Who is responsible for assigning major and minor crimes? (CMP&SOP 9.2) How do you ensure investigators are assigned the relevant category of crime to investigate? (CMP&SOP 9.2)			Interview person responsible (Station Manager & Registrar and a sample of IOs) and determine compliance with the procedure. Check records for compliance and verification.
19.	Who is to ensure that cases are properly classified? (CMP&SOP 9.2)			Conduct interview with Station Manager/ Registrar Inspect records for compliance and verification
20.	What is the system to ensure vetting and assignment of cases are effective? (CMP&SOP 9.1.12, 9.3 & 9.3.3)			Conduct interview with Station Manager/ Registrar Inspect records (CR17 & CR19) for compliance and verification
21.	What system do you have in place to document the assigning of cases? (CMP&SOP 9.2)			Conduct interview with Station Manager/ Registrar Inspect records for compliance and verification
	Case Management			
	<u>Identification and Vetting:</u>			
22.	How do you ensure that statements and CR forms are properly recorded and completed respectively? (CMP&SOP 9.1.12 – 9.1.15 & 9.2)			Conduct interview with Station Manager/ Registrar Inspect records (CR17 & CR19) for compliance and verification
23.	What system do you have in place to identify and retrieve each crime reported? (CMP&SOP 9.1.13 – 9.1.15)			Conduct interview with Station Manager/ Registrar Inspect records for compliance and verification

24.	How do you differentiate major and minor crimes? (9.1.2 and Appendix 5 CMP&SOP)			Conduct interview with Station Manager/ Registrar Inspect records (DCRR for major & minor crimes) for compliance and verification
25.	How do you monitor work done on the case files? (CMP&SOP 9.3.3)			Conduct interview with Station Manager/ Registrar Inspect records (CR17 & CR19) for compliance and verification
26.	What system do you have in place to ensure that minor crime cases are being supervised? (CMP&SOP 9.3.3)			Conduct interview with Station Manager Inspect case files and registers for compliance and verification
27.	What system do you have in place to ensure sudden death cases are given the requisite attention (Sudden Death SOP)			Conduct interview with Station Manager Inspect case files and registers for compliance and verification
28.	What system do you have in place to ensure missing person cases are given the requisite attention (Missing Person Policy & SOP)			Conduct interview with Station Manager Inspect case files and registers for compliance and verification
	Records management			
29.	How do you manage original and working case files? (CMP&SOP 9.1.15)			Conduct interview with Station Manager/ Registrar Inspect records for compliance.
30.	What system do you have in place to document all reports of crime or incidents in the Division? (CMP&SOP 9.1.12 & 9.1.13)			Conduct interview with Station Manager/ Registrar Inspect records for compliance and verification
31.	How do you ensure the security of all case files in the registry? (CMP&SOP 9.1.14 & 9.1.15)			Conduct interview with Station Manager/ Registrar Inspect records and infrastructure for compliance and verification
32.	How do you track the movements of documents and case files? (CMP&SOP 9.1.15)			Conduct interview with Station Manager/ Registrar Inspect records for compliance and verification

33.	What systems do you have in place to document all new records received at the registry? (CMP&SOP 9.1.15)			Conduct interview with Station Manager/ Registrar Inspect records for compliance and verification
34.	How do you trace/monitor the number of reported major and minor crimes in the division? (CMP&SOP 9.1.14)			Conduct interview with Station Manager/ Registrar Inspect records (DCRR) for compliance and verification
35.	How do you ensure that cases investigated by specialist unit are documented? (CMP&SOP 9.2.2)			Conduct interview with Divisional Crime Officer Inspect records for compliance and verification
36.	What system do you have in place to identify the number of reported crimes in the Division daily? (CMP&SOP 9.3.2)			Conduct interview with Station Manager/ Registrar Inspect records for compliance and verification (morning crime bulletin)
37.	What is the procedure to submit a case to the court? (CMP&SOP 9.3.6)			Conduct interview with Station Manager/ Registrar
38.	How do you ensure case files are submitted to the court? (CMP&SOP 9.3.6)			Conduct interview with Station Manager/ Registrar Inspect records for compliance and verification
39.	How do you monitor cases before the court? (CMP&SOP 9.3.6)			Conduct interview with Station Manager/ Registrar Inspect records for compliance and verification
40.	What system is in place to document the result of a court matter? (CMP&SOP 9.3.6)			Conduct interview with Station Manager/ Registrar Inspect records for compliance and verification
	Investigation			
	Evidence management:			
41.	How do you ensure that documentary exhibits are properly secured? (CMP&SOP 9.1.15)			Conduct interview with uniform and non-uniform investigators, supervisors, and Station Manager/ Registrar

				Inspect records for compliance and verification. Inspect exhibits and accompanying documentations for verification.
42.	What system do you have in place to ensure proper chain of custody of exhibits/evidence? (CMP&SOP 9.3.6) (Chain of custody handling Standing Orders)			Conduct interview with uniform and non-uniform investigators, supervisors, and Station Manager/ Registrar Inspect records for compliance and verification. Check the security of the evidence (both temporary and permanent storage).
	Witness management:			
43.	What system do you have in place to ensure that witnesses are updated for on-going investigations? Witness management Standing Orders			Conduct interview with uniform and non-uniform investigators, supervisors, and Station Manager/ Registrar Inspect records for compliance and verification.
44.	How do you treat with a situation wherein a complainant makes a report but fail to provide a statement to the police? (CMP&SOP 9.1.10)			Conduct interview with uniform and non-uniform investigators, supervisors, and Station Manager/ Registrar Inspect records for compliance and verification.
	Suspect/Accused/Person of Interest management:			
45.	What system do you have in place to apprehend wanted persons? (Reference: Wanted Person Policy)			Conduct interview with Station Manager/ Registrar, Divisional Crime Officer and Divisional Commander for commitment. Inspect records for compliance and verification. Review appropriate samples of cases
46.	What system do you have in place to locate persons of interest? (Reference: Person of Interest Policy)			Conduct interview with Station Manager/ Registrar, Divisional Crime Officer and Divisional Commander for commitment. Inspect records for compliance and verification.

				Review appropriate sample case files.
47.	Explain the procedure for interviewing suspects (CMP&SOP 9.3.4)			Conduct interview with uniform and non-uniform investigators, supervisors, and Station Manager/ Registrar Inspect records for compliance and verification. Reference to audio visual where applicable and sample cases
48.	Explain the procedure when a suspect makes an admission/confession (CMP&SOP 9.3.4 to 9.3.5)			Conduct interview with uniform and non-uniform investigators, supervisors, and Station Manager/ Registrar Inspect records for compliance and verification. Reference to audio visual where applicable and sample cases
49.	How are confessions treated (CMP&SOP 9.3.4)			Conduct interview with uniform and non-uniform investigators, supervisors, and Station Manager/ Registrar
50.	How do you ensure confessions are in compliance with legal requirements? (CMP&SOP 9.3.4)			Conduct interview with uniform and non-uniform investigators, supervisors, and Station Manager/ Registrar Inspect records for compliance and verification.
	Case reviews/conference:			
51.	What system do you have in place to ensure there is an effective partnership with internal stakeholders for improved investigations? (CMP&SOP 9.3.3)			Conduct interview with Station Manager/ Registrar, Divisional Crime Officer and Divisional Commander for commitment. Inspect records for compliance and verification. Review appropriate sample case files/minutes
52.	What system do you have in place to ensure there is an effective partnership with internal and external stakeholders for improved investigations?			Conduct interview with Station Manager/ Registrar, Divisional Crime Officer and Divisional Commander for commitment. Inspect records for compliance and verification.

				Review appropriate sample case files/minutes
	Case Status (closure, suspended, cold)			
53.	What system do you have in place to determine the status of a case? (CMP&SOP 9.3.7 to 9.3.10)			Conduct interview with Station Manager/ Registrar, Divisional Crime Officer and Divisional Commander for commitment. Inspect records for compliance and verification. Review appropriate sample case files.
54.	What is the procedure to declare a case suspended? (CMP&SOP 9.3.9)			Conduct interview with Station Manager/Registrar, and Divisional Crime Officer. Inspect records for compliance and verification.
55.	How do you determine the status of a case as cold? (CMP&SOP 9.3.10)			Conduct interview with Station Manager/Registrar, and Divisional Crime Officer. Inspect records for compliance and verification. Review appropriate sample case files.
56.	What system is in place to monitor cases declared as suspended or cold (CMP&SOP 9.3.9-10)			Conduct interview with Station Manager/Registrar, and Divisional Crime Officer. Inspect records for compliance and verification. Review appropriate sample case files.
57.	What system do you have in place to dispose of case files and records? (CMP&SOP 9.3.11-12)			Conduct interview with Station Manager/Registrar, and Divisional Crime Officer. Inspect records for compliance and verification. Review appropriate sample case files where applicable.

Resources & competence						
1.	Is the required number of personnel assigned to the DCR?					10
2.	Inspect the equipment such as PC, laptops, printers, video recording equipment etc.					10
3.	Inspection of the infrastructure such internet, furniture, office building, AC etc.					10
4.	Is SRMS/CMS being utilized and uploads done?					10
Case Management System Monitoring						
Case Assignment & Distribution						
5.	Was the case reference number generated and in compliance with standard?					10
6.	Did Registry staff vet file upon receipt?					10
7.	Was case properly classified?					10
8.	Were tasks generated by the Registry staff on relevant CR Form?					10
9.	Are tasks given specific timeline to complete?					10
10.	Are these tasks completed within the given timelines?					10
11.	Was case assigned using the index card?					10
12.	Were relevant forms completed properly before assigning?					10

13.	Was the appropriate investigator assigned based on equity?					10
14.	Was the appropriate DCRR properly updated?					10
15.	Is the CR 1 on file and properly completed by the initial investigator and supervisor/s?					10
16.	Is the CR 2 on file and properly completed by the initial investigator and supervisor/s?					10
17.	Are there entries and uploads on the SRMS system?					10
18.	Were statement/s recorded?					10
19.	Did the witness fail to give a statement? If so, was a diary entry made?					10
20.	Was a report done and submitted to supervisor for witness who failed to give a statement?					10
21.	Are statements committal proceedings compliant where applicable?					10
Records Management						
22.	Are case files properly secured?					10
23.	Is the CR1 on the file and completed by the relevant persons at the various stages?					10
24.	Is the CR2 on the file and completed by the relevant persons at the various stages?					10
25.	Is the CR4 on file and distributed to the various					10

	stakeholders?					
26.	Were other CR forms completed properly?					10
27.	Are original files seen in the repository?					10
28.	Are investigators on leave with working files?					10
29.	IOs without working files, are they given the original files to make notes?					10
30.	Where IO is given original file to leave registry, was permission given by the Registrar and was it properly documented?					10
31.	Where IO is given original file to leave registry, did IO return file at the end of the workday (major crimes) and was it properly documented?					10
32.	Was a checklist done when original file was given to the IO?					10
33.	When the file was returned, were all the contents returned?					10
34.	Are all investigation documents that are received by the IO submitted to the DCR within 24 hours?					10
35.	Were all documents for external organizations submitted through the DCR?					10
36.	Are these documents recorded in the appropriate registers?					10
37.	Are the DCRRs properly labelled and completed?					10

38.	Are other relevant records properly labelled and completed?					10
39.	Are the morning crime bulletins recorded and stored					10
40.	Are all incidents and crimes reported recorded in the appropriate register and reflected in the DCRR for minor or major crimes at the DCR?					10
41.	Is there a case management index card for each investigator?					10
42.	Is the inward/outward register properly labelled, headed and completed?					10
43.	Is the case file movement register properly labelled, headed and completed?					10
44.	When documents are received at the DCR, are these reflected on the original case files?					10
45.	Are weekly returns submitted by Station Managers to the DCR stored?					10
46.	Was note recorded in the initial investigator's notebook?					10
47.	Was a pseudonym statement recorded?					10
48.	Was the procedure in compliance with the SOP?					10
49.	Are the Station diary entry & other relevant registers completed?					10

Case reviews & conferences

50.	Are cases continuously being vetted and tasks by DCR?					10
51.	Was a preliminary review done within 24 hours in Homicide cases?					10
52.	Was a first or follow up review done within 72 hours after the preliminary review in Homicide cases?					10
53.	At preliminary review, was First Responding Officers tasked to provide statements by next review date?					10
54.	Did first responding officer provide statement by the next review?					10
55.	Were crimes classified as major reviewed within the first 7 days?					10
56.	Did Station Manager review cases of a minor nature within first 7 days of being reported?					10
57.	At preliminary review, was First Responding Officers tasked to provide statements within 7 days of this review date?					10
58.	Did first responding officer provide statement by the given timeline?					10
59.	Was follow up review done within 14 days of the first review being held?					10
60.	Were additional reviews done within 28 days after the 14 days review?					10

61.	Are reviews done for matters before the court where there are outstanding documents or tasks?					10
62.	Are case reviews done for Forensic match cases?					10
63.	For case reviews and conferences, are these reflected in the DCRR?					10
64.	Where the Divisional Commander or Crime Officer held case review or conference or vetting, was it recorded?					10
65.	Are sudden death cases reviewed and being monitored?					10
66.	Are missing persons cases reviewed and being monitored?					10
67.	Did the relevant authority indicate that a file is completed?					10
68.	Is SRMS/CMS used to task IOs?					10
69.	is SRMS/CMS being used to monitor station Managers?					10
Evidence Management Monitoring						
70.	Are evidence seen on file?					10
71.	Are evidence properly labelled?					10
72.	Are evidence properly stored?					10
73.	Is Section 31(G) certificate on file?					10

74.	Is Section 50(1) certificate on file?					10
75.	Are confessions and/or Q&A seen on file?					10
76.	Was transcript prepared in triplicate and stored as an exhibit?					10
77.	Are exhibits submitted to the exhibit stores?					10
78.	Is chain of custody properly established?					10
79.	Is chain of custody properly documented on the CR5?					10
80.	Are Forensic certificates on file?					10
81.	Are chain of custody statements on file?					10
82.	Do chain of custody statements corroborate each other?					10
83.	Are stolen properties gazetted?					10
Case files submission to court and attendance						
84.	Was case file submitted to court through the DCR?					10
85.	Were the Arresting Officer and First Responding Officer statements submitted to court?					10
86.	Was the file submitted at least 48 hours prior to the file being submitted to the court for new cases?					10
87.	Was the checklist used when cases are submitted to court?					10

88.	Were documents submitted through the DCR for matter before the court?					10
89.	Are all tasks done whilst the matter is before the court recorded on the CR 1 & 2?					10
90.	Are final results documents in the registry?					10
Case status						
91.	Was the case declared closed and recorded on file?					10
92.	Are cases cleared?					10
93.	Are other suspects outstanding?					10
94.	Are efforts being made to apprehend outstanding suspects?					10
95.	Was the case refused and recorded on file?					10
96.	Was the procedure followed to declare a case suspended?					10
97.	Was the procedure followed to declare a case cold?					10
98.	Was case file dispose of according to procedure?					10
99.	Are case files arranged based on their status?					10
100.	Is SRMS/CMS updated?					10
Post Charge Monitoring						
101.	Are weekly PLO reports submitted?					10

10	Are tasks generated from these reports by the Registry staff where applicable?					10
10	Are cases that have been disposed of updated?					10
10	Are tasks completed within timelines?					10
10	Is SRMS/CMS updated?					10
Inspection compliance by Registrar						
10	Were inspections done by the Registrar for all Station Managers?					10
10	Were inspections done within the relevant timelines?					10
10	Were inspections done using the standard forms?					10
10	Were follow ups done by the Registrar within the standard timelines for non-conformities issued?					10
11	Were reports prepared using the standard form?					10
11	Were reports submitted to the relevant persons?					10
11	Were inspection reports submitted within the standard time?					10
11	Were the sampling of cases done in compliance with standard?					10
11	Were non-conformities issued using the standard form?					10
11	Were verification done of non-conformities issued					10

	conducted?					
11	Was verification done using the standard form?					10

Appendix 3

Jamaica Constabulary Force

Case Management Inspection checklist for Divisional Registrars

Compliance Level	Level of Risk	Colour Code
Low	High	1-49
Medium	Medium	50-69
High	Low	70-100

Lead Inspector:		Inspection date/s:				Station/Registry site:		
Inspection Team (add accordingly):		Persons interviewed:				Station Manager/Registrar:		
Standard inspected against: Case Management Policy & SOP								
	Low Risk	Medium Risk	High Risk	Type of Audit	Virtual Onsite			
Cons	Inspection item/question		Objective evidence (E.g Documents reviewed, and		Declaration of	Auditor notes and comments on evidence	Standard inspected	Weight (actual number to be

No.		interviews conducted to verify)	Conformity/Nonconformity	gathered.	against	graded against)
Resources						
1.	Is there a Station Manager					10
2.	Does the station manager have a designee?					10
3.	Inspect the equipment such as PC, laptops, printers, video recording equipment etc.					10
4.	Inspection of the infrastructure such internet, furniture, office building, AC etc.					10
Initial investigations						
5.	Are the Station diary entry & other relevant registers completed?					10
6.	Is the CR 1 on file and properly completed by the initial investigator?					10
7.	Is the CR 2 on file and properly completed by the supervisor?					10
8.	Are there entries on the SRMS system?					10
9.	Were statement/s recorded?					10
10.	Did the witness fail to give a statement?					10
11.	If so, was a diary entry made?					10
12.	Was a report done?					10
13.	Was a report submitted to supervisor?					10

14.	Was a radio message sent?					10
15.	Was a radio message promptly sent?					10
16.	Was the CR 10 issued?					10
17.	Was the CR 10 properly completed?					10
18.	Was a CR4 completed?					10
19.	Was the CR4 properly completed?					10
20.	Was CR4 submitted to Criminal Records Office (CRO) for gazetting?					10
21.	Was any other CR form necessary completed?					10
22.	Was note recorded in the initial investigator's notebook?					10
23.	Was a pseudonym statement recorded?					10
24.	Was the procedure for pseudonym done in compliance with the SOP?					10
25.	Was the file submitted to IIO's supervisor for vetting?					10
26.	Did supervisor conduct preliminary vetting?					10
27.	Was case file submitted within 72 hours by supervisor (non-uniformed) after receiving the file?					10
28.	Was case file submitted within 48 hours by supervisor (uniformed) after receiving the file?					10

29.	Did station manager vet file?					10
30.	Did station manager submit file within 48 hours of receiving to the DCR for major crimes?					10
31.	Are CR2 for sudden deaths submitted to the DCR?					10
32.	Are CR2 for missing persons submitted to the DCR?					10
Records management						
33.	Are case files properly secured?					10
34.	Is the CR1 on the file?					10
35.	Is the CR1 updated by the relevant persons at the various stages?					10
36.	Is the CR2 on the file and completed by the relevant persons at the various stages?					10
37.	Is the CR2 completed by the relevant persons at the various stages?					10
38.	Is the CR4 on file and distributed to the various stakeholders?					10
39.	Is the CR4 submitted for gazetting?					10
40.	Were other CR forms on file?					10
41.	Were other CR Forms properly completed?					10
42.	Are original files seen in the repository?					10

43.	Do investigators return working files within specified timelines?					10
44.	Was a checklist done when original file was given to the IO?					10
45.	When the file was returned, were all the contents returned?					10
46.	Are all investigation documents that are received by the IO submitted to the Station Manager within specified time?					10
47.	Were all documents for external organizations submitted through the DCR?					10
48.	Are these documents recorded in the appropriate registers?					10
49.	Is there a station register for major crimes?					10
50.	Is the station register for major crimes properly updated?					10
51.	Is the register for major crimes properly labelled (where is manually maintained)?					10
52.	Is there a station register for minor crimes?					10
53.	Is the station register for minor crimes properly updated?					10
54.	Is the register for minor crimes properly labelled (where is manually maintained)?					10
55.	Are other relevant records properly labelled and					10

	completed?					
56.	Are the morning crime reports sent to the registry?					10
57.	Are morning crime reports stored?					10
58.	Is there an index card for each investigator?					10
59.	is there an inward/outward register?					10
60.	Is the inward/outward register properly labelled?					10
61.	Is the inward/outward register properly completed properly or being utilized?					10
62.	is there a case file movement register?					10
63.	Is the case file movement register properly labelled?					10
64.	Is the case file movement register properly completed?					10
65.	When documents are received by Station Manager, are these reflected on the original case files?					10
66.	Are weekly returns being submitted by Station Managers to the DCR?					10
67.	Are weekly returns submitted by Station Managers to the DCR stored?					10
68.	Was a pseudonym statement recorded?					10
69.	Was the procedure in compliance with the SOP?					10

70.	Are the Station diary entry & other relevant registers completed?					10
Case assignment						
71.	Did Station Manager vet or caused file to be vetted upon receipt?					10
72.	Was case properly classified?					10
73.	Were tasks generated by the Station manager on relevant CR Form?					10
74.	Are tasks given specific timeline to complete?					10
75.	Was case assigned?					10
76.	Were relevant forms completed properly before assigning?					10
77.	Was the appropriate investigator assigned based on equitableness?					10
78.	Was the appropriate station register properly updated?					10
79.	is assignment reflected on IO's index card?					10
Case reviews						
80.	Are cases continuously being vetted and tasks by station manager?					10
81.	Was first review done within seven days for minor crimes?					10
82.	Was first review done within seven days for major					10

	crimes?					
83.	At first review, was First Responding Officers tasked to provide statements?					10
84.	Did first responding officer provide statement?					10
85.	Was follow up review done within 14 days of the first review being held?					10
86.	Were additional reviews done within 28 days after the 14 days review?					10
87.	Are cases being reviewed within every 28 days?					10
88.	Are reviews done for matters before the court where there are outstanding documents or tasks?					10
89.	Are case reviews done for Forensic match cases?					10
90.	For case reviews and conferences, are these reflected in the appropriate station register?					10
91.	Where the Divisional Commander or Crime Officer held case review or conference or vetting, was it recorded?					10
92.	Are sudden death cases reviewed?					10
93.	Are sudden death CR2 sent to the DCR?					10
94.	Are missing persons cases reviewed?					10
95.	Are missing persons CR2 sent to the DCR?					10
96.	Is SRMS/CMS used to task IOs?					10

97.	Is SRMS/CMS used to monitor the progress of investigations by station manager?					10
Case Management						
98.	Was the case reference number generated?					10
99.	Was the case reference number generated according to procedures?					10
100.	Are case files properly secured?					10
101.	Are original files seen in the repository?					10
102.	Are investigators on leave with working files?					10
103.	IOs without working files, are they given the original files to make notes?					10
104.	Where IO is given original file, was it properly documented?					10
105.	Where IO is given original file to leave registry, did IO return file at the end of the workday (major crimes) or 24 hours (minor crimes)?					10
106.	Was a checklist done when original file was given to the IO?					10
107.	When the file was returned, were all the contents returned?					10
108.	Are all investigation documents that are received by the IO submitted to the Station Manager within 24 hours?					10

109	Were all documents for external organizations submitted through the Station Manager?					10
110	Are these documents recorded in the appropriate registers?					10
111	When documents are received by the Station Manager, are these reflected on the original case files?					10
112	Is there a Child Diversion register?					10
113	Are monthly summaries done for minor crimes register?					10
114	Are monthly summaries done for major crimes register?					10
115	Are weekly returns submitted by Station Managers to the DCR?					10
Evidence Management Monitoring						
116	Are evidence seen on file?					10
117	Are evidence properly labelled?					10
118	Are evidence properly secured?					10
119	Is Section 31(G) certificate on file?					10
120	Is Section 50(1) certificate on file?					10
121	Are confessions and/or Q&A seen on file?					10
122	Was transcript prepared in triplicate and stored as an exhibit for video recorded evidence?					10

12	Are exhibits submitted to the exhibit stores?					10
12	Is chain of custody properly established?					10
12	Is chain of custody properly documented on the CR5?					10
12	Are Forensic certificates on file?					10
12	Are all chain of custody statements on file?					10
12	Do chain of custody statements corroborate each other?					10
12	Are stolen properties gazetted?					10
Case files submission to court and attendance						
13	Was case file submitted to court through the DCR?					10
13	Were the Arresting Officer and First Responding Officer statements submitted to court?					10
13	Was the file submitted at least 48 hours prior to the file being submitted to the court for new cases?					10
13	Was the checklist on file when submitted to Registry?					10
13	Were documents submitted through the DCR for matter before the court?					10
13	Are all tasks done whilst the matter is before the court recorded on the CR 1 & 2?					10

136	Are final results documents on the case file by Station Manager?					10
137	Are final results documented in the appropriate station register?					10
Case status						
138	Was the case declared closed?					10
139	are declared cases recorded on file?					
140	Are cases cleared?					10
141	Are other suspects outstanding?					10
142	Are efforts being made to apprehend outstanding suspects?					10
143	Was the case refused and recorded on file?					10
144	Was the procedure followed to declare a case suspended?					10
145	Was the procedure followed to declare a case cold?					10
146	Was case file dispose of according to procedure?					10
147	Are case files arranged based on their status?					10
148	Is SRMS/CMS updated?					10
Post Charge Monitoring						
149	Are weekly PLO reports reviewed?					10
150	Are tasks generated from these reports by the					10

	Station Manager?					
15	Are cases that have been disposed of updated?					10
15	Are tasks completed within timelines?					10
15	Is SRMS/CMS updated?					10
15	Are the appropriate registers updated?					10

Appendix 4

Jamaica Constabulary Force
Case Management Audit Report

Compliance Level	Level of Risk	Colour Code
Low	High	1-49
Medium	Medium	50-69
High	Low	70-100

Audit Scope:				Audit date/s:		Lead Auditor:		Audit team:	
Audit participants interviewed:				Auditee:				Audit site/s:	
Risk level	Low Risk	Medium Risk	High Risk	Type of Audit	<u>Minimum compliance rate is 60%</u>				
Important summary points of audit findings									
Cons	Summary of Conformities:			Area (including applicable process):			Comments:		

1.	<i>E.g. System to generate and document case reference number is effective.</i>	<i>Case Assignment & Distribution</i>	<i>The DCR staff is fully knowledgeable about the process to generate CR number and the DCRR is reflective of this as documentary evidence</i>
Cons	Summary of Non-conformities:	Area:	Comments:
1.	<i>E.g. System to ensure tasks generated are complied with in a timely manner is not effective.</i>	<i>Case management</i>	<i>After reviewing a sampling of 50 major files, 30 of them where tasks generated on CR 19 were not action, follow up reviewed not done or not complied with.</i>
Cons	Opportunities for improvements	Area	Comments
1.	<i>E.g. The system to ensure supervisors vet and task case files is fairly effective.</i>	<i>Initial investigations</i>	<i>After reviewing a sample of 15 minor crimes in various areas, in 6 of them, there was no indication on the CR19 that the supervisor conducted any vetting and generated tasks.</i>
Cons	Any unresolved diverging views	Area	Comments
1.	<i>E.g. Divisional Commander did not agree that the resources for the registry were insufficient to make the operations effective and efficient.</i>	<i>Resource management</i>	<i>After interviewing the Divisional Commander, reviewing the Divisional plan and inspect the resources, it did not meet the requisite minimum standards.</i>
Statement of conclusion			
Statement of recommendation			
Grading rubric for compliance level			
Resources (20%)			
(Actual numbers/Target number x total weighting) e.g. (8/10 x 5 = 4)			

Cons	Grading area	Total possible score	Score obtained	Actual computational evidence
1.	Adequacy of Human	5%		
2.	Training and Professional Development (development of training plan)	5%		
3.	Availability of adequate equipment (laptop, printers, WIFI, SRMS, video and audio recording, etc.)	5%		
4.	Adequacy of infrastructure (building AC, furniture etc.)	5%		
Cleared up rate Score (20%) (minor crimes 5%, major crimes 10% and exclusively Murders & Shootings (including post humous 5%)) (Actual Cleared Up rate or number /Target Percentage Rate x total weighting e.g. (32/60x10 = 5.33))				
Cons	Grading area	Total possible score	Score obtained	Actual computational evidence
1.	Minor crimes	5%		
2.	Major crimes	10%		
3.	Murders & Shootings (including post humous)	5%		
Case Management System (60%) (Actual numbers/Target number x total weighting) e.g. (8/10 x 5 = 4)				
Cons	Grading area	Total possible score	Score obtained	Actual computational evidence
1.	Initiation of Investigation	5%		
2.	Assignment & distribution of files	5%		
3.	Records management (SRMS/CMS, registers and diaries)	10%		
Investigation monitoring breakdown as follows (20%):				
4.	case file contents,	2.5%		

4a.	case reviews (tasks generated, tasks monitored, and reviews done within stipulated timeline) evidence management post charge monitoring of cases before the courts including weekly monitoring of tasks generated from the PLO reports by the DCR <u>arrangement of case</u> <u>NB: other categories can be added where applicable and marking scheme adjusted based on uniqueness of the division</u>	10%		
4b.				
4c.		5%		
4d.		10%		
4e.		2.5%		
5.	Inspection compliance by Crime Officer	5%		
6.	Inspection compliance by Registrar	5%		
Total score awarded		100%

Cons	Opportunities for improvements	Area	Comments	
1.	<i>E.g. The system to ensure supervisors vet and task case files is fairly effective.</i>	<i>Initial investigations</i>	<i>After reviewing a sample of 15 minor crimes in various areas, in 6 of them, there was no indication on the CR19 that the supervisor conducted any vetting and generated tasks.</i>	
Cons	Any unresolved diverging views	Area	Comments	
1.	<i>E.g. Divisional Commander did not agree that the resources for the registry were insufficient to make the operations effective and efficient.</i>	<i>Resource management</i>	<i>After interviewing the Divisional Commander, reviewing the Divisional plan and inspect the resources, it did not meet the requisite minimum standards.</i>	
Statement of conclusion				
Statement of recommendation				
Grading rubric for compliance level				
Resources (20%)				
(Actual numbers/Target number x total weighting) e.g. (8/10 x 5 = 4)				
Cons	Grading area	Total possible score	Score obtained	Actual computational evidence
1.	Adequacy of Human	5%		
2.	Training and Professional Development (development of training plan)	5%		
3.	Availability of adequate equipment (laptop, printers, WIFI, SRMS,	5%		

	video and audio recording, etc.)			
4.	Adequacy of infrastructure (building AC, furniture etc.)	5%		
Cleared up rate Score (15%) (Actual numbers/Target number x total weighting) e.g. (8/10 x 5 = 4)				
Cons	Grading area	Total possible score	Score obtained	Actual computational evidence
1.	Minor crimes	5%		
2.	Major crimes	10%		
Case Management System (65%) (Actual numbers/Target number x total weighting) e.g. (8/10 x 5 = 4)				
Cons	Grading area	Total possible score	Score obtained	Actual computational evidence
1.	Initiation of Investigation	10%		
2.	Assignment & distribution of files	5%		
3.	Records management (SRMS/CMS, registers and diaries)	15%		
Investigation monitoring breakdown as follows (20%):				
4a.	case file contents,	5%		
4b.	case reviews (tasks generated, tasks monitored, and reviews done within stipulated timeline)	10%		
4c.				
4d.				
4d.	evidence management	5%		
4d.	post charge monitoring of cases before the courts including weekly monitoring of tasks generated from the PLO reports by the DCR	5%		

4e.	<u>arrangement of case</u> <u>NB: other categories can be added where applicable and marking scheme adjusted based on uniqueness of the division</u>	5%		
6.	Case file quality (This is a consequence of the previous 5 categories where 1 mark is allotted to each)	5%		
Total score awarded		100%

Jamaica Constabulary Force

Case Management Guide for Conducting Auditing and Inspection

Sampling of reports and files for auditing and inspecting the Divisional Case Registries and Minor Crime Registries Managed by Station Managers will be done as follows and guidance taken from the table:

- 1. With reports of a population of and over 200, there shall be no less than 15% of that population sampled.
- 2. This sampling shall reflect all classes of crimes reported. E.g. for the year 2023, there were reports of 20 unlawful wounding, 20 simple Larceny, 20 Malicious Injury to Property, 20 Missing Persons, 20 Assaults, 20 threats etc. all classes must be included in the 15% sampled. This distribution of the classes need not be equitable. This is a judgement call for the auditor or inspector.
- 3. With reports of a population between 20 and 200, there shall be a sampling of no less than 20% of that population. With reports under 20, the sampling shall be no less than 30%.
- 4. The sampling shall be a reflection of a portion the various offences and not necessarily all the offences. E.g. 20 cases of Child Diversion all different offences were reported for 2023, the 20% sample size shall reflect different offences but not all offences (5 different offences and not all 15 offences).
- 5. The period for sampling shall be for an entire calendar year, or for a period of one year immediately preceding the date of the audit or any such other period as instructed by ACP CIB.
- 6. Murders, shootings and death investigations will be sampled using the same principles and will be sampled exclusive of other categories of major crimes.

Sampling method	Population	Sample size
A sample of the total number all categories of reports of crime and incidents for minor crimes.	E.g. Olympic Gardens Police Station has 200 reported minor crimes and incidents for 2023	At least 15% will be sampled which is no less than 30 files with reports of crime and incidents
A sample of the total number all categories of reports of reported Child Diversion cases.	E.g. Olympic Gardens Police Station has 20 reported Child Diversion cases for 2023	At least 20% will be sampled which is no less than 4 files or reports reviewed
A sample of the total murders reported up to the date of the audit or inspection	E.g. Olympic Gardens Police Station has 10 reported murders	At least 30% will be sampled which is no less than 3 files reviewed
A sample of the total shootings reported up to the date of the audit or inspection	E.g. Olympic Gardens Police Station has 19 reported shootings	At least 30% will be sampled which is no less than 6 files reviewed
