INTRODUCTION TO THE FACULTY

The National Police College of Jamaica (NPCJ) was established on June 9, 2014, building on the legacy which started in 1867. The College is located on 141 hectares of land in Twickenham

Park, St. Catherine. It is approximately 1.6 km east of Spanish Town, the old capital of Jamaica and is 20 km west of Kingston, the present capital.

The College shares facilities with the Caribbean Regional Drug Law Enforcement Training Centre (REDTRAC). The establishment of the College operationalizes one of the recommendations of the Strategic Review of the Jamaica Constabulary Force commissioned by the Government of Jamaica, for the consolidation of the various training entities of the Jamaica Constabulary at the campus into a single, coordinated body. The entities which operated independently included the Jamaica Constabulary Staff College, Jamaica Police Academy, the Caribbean Search Centre, the Firearm and Tactical Training Unit, and the Police Driving School.

The various schools have been rebranded and restructured into the following faculties:

1. Faculty of Leadership and Professional Development **(formerly Jamaica Constabulary Staff College)**
2. Faculty of Recruit and Probationer Training **(formerly Jamaica Police Academy)**
3. Faculty of Operations Management and Skills Training **(Caribbean Search Centre, Firearm and Tactical Training Unit and the Police Driving School).**

The New College is proud of its rich and long history starting in 1867. During the ensuing years, the Training Institution evolved to include the following achievement:

1. The establishment of the Jamaica Police Academy to provide recruit and probationer training.
2. The establishment of a regional training school of excellence for search techniques
3. The establishment of the Jamaica Constabulary Staff College (JCSC) on the 24th of April 1984.

The establishment of the Jamaica Constabulary Staff College (JCSC) (now Faculty of Leadership and Professional Development) in 1984 was born out of the need for a training institution within the Caribbean region that would provide higher level training to senior personnel within the Caribbean Law Enforcement sector.

The establishment of the Jamaica Constabulary Staff College (JCSC) was aided by the British Government who seconded two advisors to the College on November 26th 1983. The Jamaica

Constabulary Staff College was officially opened on the **24th of April 1984**. On the 1st of October 1984 the first professional course was conducted. It was the Junior Command Part One where 23 Inspectors from the Jamaica Constabulary Force (JCF) participated.

The Jamaica Constabulary Staff College (JCSC) has come a long way since 1984 and in acknowledgement of its role as a critical component of the training infrastructure of the Jamaica Constabulary Force (JCF); much has been invested in its continued growth and development of the College. The College is registered as a Tertiary-Level Institution with the University Council of Jamaica (UCJ). Since then, the Jamaica Constabulary Staff College (JCSC) has continued to grow from strength to strength, with an increasing list of professional and academic programmes to include the BSc in Public Sector Management (UWI), ASc in Criminal Justice, Strategic Command, Staff and Junior Command, Police Administration and Operations Field Commander Course, Sergeant Management, Corporal Management Course, Major Investigations Core Skills etc.

The Faculty of Leadership and Professional Development boasts an adjunct faculty that rivals the best tertiary-level institutions within the region and its students continue to benefit from this wealth of academic training and experience. Lecturers for all the Academic programmes are recruited from a variety of sources. These include other tertiary institutions such as the University of the West Indies, University of Technology, Northern Caribbean University, among others.

The College will continue to build on its rich tradition as we seek to improve our service to our local and regional law enforcement community.

The Faculty of Leadership and Professional Development, empower, develop, and generate exceptional leaders for the JCF. The aim of courses/programmes that are provided are to cultivate a culture of excellent leaders. As a result, participants are prepared to take on leadership roles with the utmost discipline, creativity, and confidence.

We believe in preparing our leaders for successful governance both within and outside the JCF. We train and prepare effective and efficient leaders for the future, who will forcefully advance the mandate of the organization in building.

The faculty will endeavor to promote and advance the ISO 9001 programme and endorse all efforts to increase Quality Management and is committed to improve accountability and professional standards which has become the hallmark of law enforcement.

We are all aware of the unprecedented and challenging times resulting from the COVID-19 global pandemic while we work to advance and share knowledge through educating and training throughout the new Academic Year, 2021–22. The head of faculty, departments, staff and participants have been constantly working over the last two years to navigate and adapt to the opportunities and challenges of transferring to a largely online teaching and learning environment. The methods of delivery of classes for the college in light of the Covid-19 pandemic are both synchronous and asynchronous.

We appreciate all of our stakeholders' continuous dedication to excellence in this new experience for us all. The Faculty of Leadership and Professional Development (FLPD) will continue to take precautionary measures to prevent the transmission of the COVID-19 virus in conformance with the Government of Jamaica's existing and emerging health and safety guidelines and protocols. As a result, classes will be taught in a blended format (a combination of online learning systems, web-conferencing and in-person classroom).

As Covid 19 Pandemic continues to evolve in Jamaica and across the world, we will all need to adapt and adjust. We are mindful of the inconveniences and difficulties that are caused by the situation, so we ask for your patience and understanding. 2.3 APPAL PROCESS AND REMARK

Any appeal against an assessment by a JCF serving member, for a police-related training, course or programme, will be dealt with in accordance with the JCF's Grievance Policy and Procedures.

Assessment Appeals Criteria

The assessment appeals process consists of five (5) stages as outlined below;

Stage 1: Disagreement with an assessment Decision/Grade Participants are expected to identify, specifically, the disagreements by examining the course materials – course outline, presentations, training manual, etc. so as to validate the standards - learning outcomes and specific objectives of the course. If there is still absolute disagreement with the assessment decision/grade, participants will move to Stage 2.

Stage 2: Letter of Complaint to the Syndicate Director/Training Officer/Course Coordinator In expressing a disagreement with an assessment, participants should write a letter of complaint to the Syndicate Director/Training Officer/Course Coordinator stating, specifically, their disagreement(s) and how they wish the disagreement(s) is/are to be rectified.

Stage 3: Written Response Explaining or Changing Assessment Decision/Grade The Syndicate Director/Training Officer/Course Coordinator will consider his/her disagreement(s) with the assessment decision/grade and make contact with the primary and secondary examiners to verify the decision/grade. After 5 working days, participants should be given an explanation that outlines a new decision/grade or confirms the initial decision/grade.

Stage 4: Lodging the Appeals Report Within one week of receiving the explanation from the Syndicate Director/Training Officer/Course Coordinator, the participant should lodge a grievance report using the following format: a) be written in chronological order (day, date, time, place of occurrence) and include the facts upon which it is based. b) outline the alleged wrongful act, clearly describing the harm done to the aggrieved member and c) outline the resolution sought to remedy the grievance

Stage 5: Grievance Procedure. The procedure outlined within the JCF's Grievance Policy will be utilised. Hence, a resolution will be sought during the Informal Grievance Procedure before

proceeding to the Formal Grievance Procedure. Aggrieved participants/students should use the informal grievance procedure (being heard by the ACP Training Branch) to resolve the appeals. For cases of appeals with courses being offered to participants who are not members of the JCF, a resolution will be sought with the Academic Board who will engage the Appeals Committee to investigate and formulate a report as to the resolution of the issue/grievance.

Remark

As the National Police College of Jamaica strives to deliver excellent service in meeting the academic and professional needs of our students, the above process is implemented to ensure fairness in all aspects of our service delivery. In the event that a student appeals a grade that he/she believes was unfairly given, the student must be given a response within five (5) working days. Whenever this appeal is made and the assessment or examination is remarked, this is done in accordance with those criteria and set standards as outlined in the quality assessment policy.
