DQCM Data & Quality Control Manager
DT Disabling Team

5.0. Description of Activities [Procedures]

Email Creation

5.1. HDO/AD Receive request to generate email address for sworn and unsworn members of the JCF. Requests may come via walk-ins and/or emails from Areas, Divisions and Non-Geographical locations.

5.2. HDO Check to ensure that an email address does not

already exist for the requesting party. If an email address exists, then additional checks are made to determine if the email address in question belongs to the requesting party. If it does, then the requesting party is advised of their username & default password. If not, then an email address is created and the requesting party is advised of same.

Disabling Emails

- | | | |
|-------------|------------|---|
| 5.3. | DQCM/OM | Receive request to disable email address. The requests acted upon based on a Force Orders promulgation or via directive given by a CO or SP. |
| 5.4. | DQCM/OM/DT | Disable email address. |
| 5.5. | DCQM/OM | Respond via email and/or report to the CO/SP that the email address has been disabled. If the request was made via a Force Orders promulgation, then no report/response needs to be provided. |

Deleting Emails

- | | | |
|-------------|------------|---|
| 5.6. | DQCM/OM | Receive request to delete email address. The requests may take the form of a Force Orders promulgation or via directive given by a CO or SP. Force Order requests are done one (1) month after the separation date of the member. |
| 5.7. | DQCM/OM/DT | Delete email address. |
| 5.8. | DCQM/OM | Respond via email and/or report to the CO/SP that the email address has been deleted. If the request was made via a Force Orders promulgation, then no report/response needs to be provided. |

Resetting Passwords

- | | | |
|-------------|-----|---|
| 5.9. | HDO | Receive request from division, walk-ins and/or phone Calls to reset the passwords for members of staff of the JCF. The Information is then recorded on our daily email Log sheet which captures (Name, Rank, Regulation/Employee number, Date, Division and reason for request) |
|-------------|-----|---|

5.10. HDO Records required information on Daily E-mail Log Sheet (see Appendix A).

5.11. HDO Check information in RACKSPACE and the Personnel Management System in order to authenticate the requesting party.

5.12. HDO Reset the password by creating a default password. Notify the requesting party of same and have them change the default password to a personal one. Walk-in personnel may change their password in office.

Email Address Recovery

5.13. OM Receive request from location, walk-ins and/or phone calls to restore email address for JCF staff members. **(NB.** Request MUST be made within 14 days to facilitate full recovery. Otherwise, email is restored from the archives and may not be the most current version).

5.14. OM Initiate recovery activities for email address.

5.15. OM Advise the user that the email address has been restored.
