1.0 Introduction

The Jamaica Constabulary Force (JCF) is entrusted to maintain law and order, protect life and property, prevent and detect crime, and preserve peace. Two of the main ways in which we do this are through routine patrolling and responding to calls for services.

Police patrols serve various purposes, all with the underlying objective of keeping a particular area or space safe and crime-free. Patrol activity may include, but is not limited to, monitoring suspicious or unusual activity and responding to calls for assistance or police intervention.

Effective patrol operations can yield significant results in policing; these include, but are not limited to:

- a. suppression and prevention of crime;
- b. criminal identification;
- c. response to emergencies and major incidents/disasters;
- d. enhanced public safety and security; and
- e. good community relations.

This policy and standard operating procedures are designed to provide clear and actionable guidelines for all members of the JCF and its auxiliaries while providing twenty-four (24) hour patrols and responding to emergency calls for services.

2.0 Purpose

This policy and standard operating procedure is intended to streamline the administration, organization, and operations of the patrol functions of the JCF. It also provides a guide for patrol procedures, emergency responses, and calls for service.

3.0 Scope

This policy and standard operating procedure apply to all sworn and unsworn members of the JCF and its auxiliaries.

4.0 Policy Statement

It is the policy of the JCF that police patrols are to operate within the guidelines of the Road Traffic Act and other legislations.

6.0 Definitions

For the purpose of this policy, the following definitions should apply for all types of Patrol:

- 6.1 **Bicycle Patrol**
A patrol conducted on a bicycle.
- 6.2 **Computer Aided Dispatch (CAD)**
Is a software platform which is used at PECC to efficiently manage and dispatch resources in response to emergency calls providing dispatchers with tools to record, prioritize and dispatch.

- 6.3 **Emergency Light**
This includes blue light emitted from a fixed or removable lamp(s) fitted to the vehicle.
- 6.4 **Foot Patrol**
A patrol conducted on foot.
- 6.5 **Joint Foot Patrol**
A patrol conducted on foot comprising both members of the JCF and the Military.
- 6.6 **Joint Mobile Patrol**
A patrol conducted with a motor vehicle comprising both members of the JCF and the Military.
- 6.7 **Marine Patrol**
A patrol conducted using a marine vessel in marine environments such as oceans, seas, rivers and coastal areas.
- 6.8 **Mobile Patrol**
A patrol conducted with a motor vehicle to deter and detect crime, maintain order, and respond to emergencies and other calls for services.
- 6.9 **Motorcycle Patrol**
A patrol conducted on a motorcycle.
- 6.10 **Motor Vehicle**
An automotive vehicle with four or more wheels, such as a car, pick-up, Sport Utility Vehicle (SUV) or motor truck.
- 6.11 **Patrol**
A deployment in which the objective is to have law enforcement assets moving within a defined geographic space for the purpose of detecting and deterring criminal activities and behaviors contrary to social order, or to offer public reassurance. The mode of transportation should determine the type of patrol.
- 6.12 **Priority One Call**
This is a response to a life-threatening situation or serious crime-in-progress, such as burglary, bomb threat, kidnapping, police personnel in distress situations, prowler calls, fire, etc.
- 6.13 **Priority Two Calls**
They are urgent but not considered life-threatening or as dangerous as a priority one call, but have the immediate potential of extreme danger unless contained by the availability of on-scene personnel.
- 6.14 **Rural Area**
a geographical area located outside of towns and cities, typically characterized by low population density, and open spaces.
- 6.15 **Service Fleet**
All vehicles to include heavy duty and light trucks, SUVs, pick-ups, motor cars, motor cycles and pedal cycles owned by the Commissioner of Police and operated by the JCF.
- 6.16 **Township**
Any area that has a combination of economic activity, multiple means of transportation, commercial or industrial activities, local government services and is responsible for providing basic services to the local community.

7.0 Responsibilities

The following summarizes key responsibilities:

- 7.1 **The Deputy Commissioner of Police in charge of Strategic Operations** has overall responsibility to develop, coordinate and monitor the patrol strategies utilized island-wide.
- 7.2 **The Assistant Commissioner of Police in charge of PSTEB** is responsible for overseeing and providing personnel for high-visibility police presence and patrols, including highway, traffic, quick response, and other police support island-wide.
- 7.3 **Senior Superintendent of Police, Police Emergency Communication Centre (PECC)** is responsible for:
 - 7.3.1 managing all patrol and emergency response calls for service made to the centre; and
 - 7.3.2 monitoring response times for all calls for service made to the Centre.
- 7.4 **Divisional Commanders** are responsible for:
 - 7.4.1 managing patrol resources and strategies within their respective divisions to achieve the JCF's strategic intent of reducing crimes and enhancing public safety and confidence;
 - 7.4.2 ensuring the availability and distribution of resources are adequate to perform patrol duties; and
 - 7.4.3 ensuring that mechanisms are in place to maintain resources.

8.0 Roles and Functions

The following summarizes key roles and functions:

8.1 Operations Officers

The Operations Officer has the responsibility to:

- 8.1.1 develop operational plans in alignment with the Divisional Plan and ensure strategic deployment;
- 8.1.2 ensure patrols are supervised accordingly;
- 8.1.3 review beat and zone patrol assignments on a monthly bases at access performance;
- 8.1.4 ensure that Divisional Duty Officers, Zone Commanders and Station Managers are brief in accordance with the Divisional Plan; and
- 8.1.5 provide an account of the performance of patrol teams.

8.2 Divisional Duty Officers

The Divisional Duty Officer has the responsibility to:

- 8.2.1 brief and debrief patrol teams;
- 8.2.2 ensure the deployment of patrols is in accordance with operational plans;
- 8.2.3 report to the Operations Officer and PECC on all patrol activities as required;
- 8.2.4 provide oversight for all assignments; and
- 8.2.5 monitor patrol teams.

8.3 Patrol Supervisors

The Patrol Supervisor has the responsibility to:

- 8.3.1 supervise patrols teams;
- 8.3.2 ensure assignments are responded to within the prescribed timeline;
- 8.3.3 coordinate with DDOs to ensure the optimality of patrols;
- 8.3.4 take charge of the activities at the apprehension site;
- 8.3.5 re-deploy patrol teams as necessary giving priority to emergency calls for service; and

- 8.3.6 submit a report on a pursuit by completing the Pursuit Reporting Form (**Appendix IV**), after it has been terminated.

8.4 Patrol Teams

Patrol teams are required to:

- 8.4.1 report their commencement and conclusion of duty to PECC;
- 8.4.2 provide unit status updates to PECC and their supervisor; and
- 8.4.3 respond and report on assignments in a timely manner.

9.0 Standard Operating Procedures

The following outlines the procedure for the management of Patrol and Emergency Response:

9.1 Briefing and Debriefing of Patrols

All patrols should be briefed and debriefed in accordance with procedures outlined in the briefing and debriefing guidelines, prior to and on the conclusion of their duties. Briefing may include the following:

- 9.1.1 information regarding daily patrol activity/routines, to include paying particular attention to unusual activities and changes of the status of wanted persons, stolen motor vehicles and major investigations, etc.;
- 9.1.2 changes in schedules, assignments or matters affecting their formation;
- 9.1.3 evaluating the readiness of personnel to assume patrol; and
- 9.1.4 reinforcement of force policies and guidelines

9.2 Deployment/Dispatch of Patrols

The following outlines procedures for the deployment/dispatch of patrols:

- 9.2.1 Adequate supervision and co-ordination of patrol activities should be established for each patrol zone/activity;
- 9.2.2 Each patrol should be assigned a call sign which is used to identify that patrol and for communication purposes (e.g. "*Premier Plaza Beat*" or "*King Street Beat*") and should fit the geographical location. Where there is more than one such patrol in a locality, they may be designated "*Premier Plaza Beat 1*," or "*Premier Plaza Beat 2*".
- 9.2.3 Patrols should report their commencement of duty utilizing the International *Ten-Signal Code* (**see Appendix I**) to PECC stating:
 - a) the rank and regulation number(s) of all persons in the unit;
 - b) the call sign of the unit;
 - c) the area in which the unit is assigned; and
 - d) contact number(s).
- 9.2.4 Foot patrols should be deployed for the purpose of close contact with citizens as well as strategic co-ordination with other patrols. An assessment should be conducted to establish the need and the appropriate patrols to be deployed. The following factors should be included:
 - a) the need for frequent security inspections in business and commercial areas;
 - b) a high concentration of calls for services involving pedestrians or other persons on the street;
 - c) a high concentration of reported offences in a defined area where patrols have not been very effective; and
 - d) the nature of activities in the area taking into consideration security of personnel.
- 9.2.5 Where the nature of a police response requires more than one patrol to be assigned, the patrol supervisor should make a decision based on a risk assessment and the nature of the response. The following situations among others may require this type of response:

- a) violent assaults on police personnel;
- b) serious accidents;
- c) resistance to arrests;
- d) use of force whether by police personnel or otherwise;
- e) serious crime in progress or committed;
- f) a fleeing felon or suspect;
- g) a disaster situation;
- h) demonstration including illegal roadblocks; and
- i) any situation that threatens to escalate into public disorder.

9.2.6 On conclusion of duties, PECC should be updated with the time of conclusion and provided with a brief report on the tour of duty.

9.3 **Marked Patrol Units**

Where marked units are assigned to conduct patrolling, the following requirements should apply:

- 9.3.1 the unit should have clear signs of identification, e.g., SO 12, PTE 126, etc., and emergency telephone number 119 visibly displayed.
- 9.3.2 reflective materials should be placed on the sides and rear of the vehicle with reflective stripping and lettering; and
- 9.3.3 exterior mounted blue emergency flashing lights and mobile radio transceiver (base or portable).

9.4 **Responding to dispatched Assignment**

Patrols are dispatch or assigned by PECC/Division/Station/Formations on a needs basis. When patrols are contacted, the following procedures are required be followed:

- 9.4.1 Clear speech should be used to communicate along with the International Ten-Signal Code and *Phonetic Alphabet* (see **Appendix II**).
- 9.4.2 Patrols are required to update or communicate with PECC and their respective formations on assignments by:
 - a) acknowledging communication and stating their location;
 - b) communicating immediately, on arrival at the assigned location or on observing a requirement for service in the field;
 - c) providing updates on the assignment; and
 - d) providing a brief report on the conclusion of the assignment to include action(s) taken by the police.
- 9.4.3 If the patrol team is unable to respond in the stipulated timeline, this information is to be communicated to the dispatcher (PECC/formation) outlining the circumstances and the most suitable time for response.

9.5 **Priority Response**

All calls for service should be assessed to determine their priority and level of response. Where patrols are dispatched for calls for service, the following response times should be adhered to:

- a. **Priority 1 Calls:**
 - i. Townships - fifteen (15) minutes
 - ii. Rural areas - twenty-five (25) minutes
- b. **Priority 2 Calls:**
 - i. Townships - twenty-five (25) minutes
 - ii. Rural areas - forty (40) minutes

NB: In addition to priority calls, all incidents responded to which are likely to be part of the Morning Incident Report (MIR) should be reported to PECC and the respective formation.

9.6 **Police Emergency Communication Centre Response**

- 9.6.1 Calls for emergency services received at the PECC should be dealt with immediately by assigning the relevant patrol(s) and the appropriate entries and updates recorded in the CAD system.
- 9.6.2 Emergency calls to PECC should be assessed to determine the appropriate response in alignment with priority 1 and 2 response. Assessment should be made to ensure the restoration of public order and normality.

9.7 Emergency Patrol and Pursuit Operations

- 9.7.1 During an emergency response/pursuit, due regard for the safety of all persons should be taken into consideration and adhere to stipulations outlined in the Road Traffic Act and Regulations.
- 9.7.2 Where the safety of police personnel or the community is in jeopardy, Force drivers should avoid engaging in or should terminate an emergency pursuit whether on the instruction of a supervisor or PECC.
- 9.7.3 An evaluation on the risks involved in an emergency response should be conducted and a report given to PECC at regular intervals. Evaluation should be guided by:
 - a. reason for the emergency response;
 - b. traffic density and pedestrian volume;
 - c. road and weather conditions;
 - d. speed involved and time of day;
 - e. type of area, whether business or residential;
 - f. availability of additional police units to assist whether to intercept or at the scene or otherwise; and
 - g. knowledge of the offender or suspect's identity or danger to the community if the suspect is not immediately apprehended.
- 9.7.4 Vehicles engaged in emergency operation may utilize emergency lights and siren. In cases of crimes in progress, etcetera, the siren may be utilized up to the point where it may be heard at the scene of the crime. The lights may be utilized until they may be visible at the scene.
- 9.7.5 Unmarked vehicles equipped for emergency response may utilize the available emergency lights and siren. Once the lights or siren are discontinued, emergency operations should be terminated, and police personnel may return to normal road use.
- 9.7.6 Patrols should not engage in an emergency operation while transporting prisoners, witnesses, children, etcetera.
- 9.7.7 Police vehicles not equipped with emergency equipment (lights and siren) should not undertake an emergency response except under the most critical circumstances. PECC should be informed when such situation arises.

9.8 Vehicle Escorts

- 9.8.1 No vehicle escort should be initiated/conducted without authorization from PECC. During vehicle escorts, emergency lights and sirens should be utilized.
- 9.8.2 Vehicle escorts may be conducted under the following circumstances, *inter alia*; piloting of over-sized vehicles, transportation of dignitaries and funeral processions.
- 9.8.3 In emergency situations that require the assistance of the police, and if not rendered may result in loss of life, specific approval for vehicle escort may be granted.

9.9 Pursuit Driving Initiation

When a motor vehicle pursuit is initiated, the pursuing personnel should immediately report same to PECC. Report should include:

- a) the member's unit call sign;
- b) reason for pursuit;
- c) route and direction of travel;
- d) description of pursued vehicle(s);
- e) occupant(s) description;
- f) weapons involved, if any;
- g) direction and areas being approached (to be reported as frequently as safety permits).

NB. All personnel on the same channel should refrain from making radio transmissions during the pursuit except for short transmissions of their locations as safety permits. A secondary channel may be utilized for other emergencies where this is available.

9.10 **Police Emergency Control Centre Dispatcher**

Upon notification of a pursuit is responsible to:

- a. clear the channel except for vehicles involved in the pursuit. All other transmissions should be sent to another channel;
- b. notify other police units as necessary;
- c. conduct registration and criminal record searches as soon as possible and broadcast when time permits; and
- d. update CAD logs

9.11 **Termination of Pursuit**

9.11.1 Pursuit should be terminated under any of the following conditions:

- a. when circumstances develop which present extraordinary danger to members of the public (pursuing member's or supervisor's discretion);
- b. in circumstances where the offender can be identified, and an arrest can be made at a later time without risk of creating danger to the public;
- c. when instructed by PECC or by the supervisor assigned to the pursuit;
- d. the pursued vehicle's location is no longer known by pursuing personnel; and
- e. radio contact is lost due to distance or otherwise.

9.11.2 On conclusion of a pursuit, the incident should be reported on by completing the Post Pursuit Reporting Form.

9.12 **Pursuit Tactics**

- a. Unmarked police vehicles may engage in pursuit only under the most critical and unusual circumstances where immediate apprehension is necessary to alleviate a danger to public safety. As soon as a marked vehicle is available to assume pursuit, the unmarked vehicle should be withdrawn from active pursuit.
- b. **Number of police units:** - the primary pursuing unit and one back-up unit should take responsibility for the actual "tailing" pursuit. Assisting units should remain in the area of the pursuit, take parallel courses, and attempt to stay with the pursued vehicle.
- c. **Roadblock/ramming suspects:** – roadblocking or ramming is considered a use of deadly physical force. As such, all policies governing the use of force should be applied in these situations. Such use of force may be allowed only in extraordinary situations and as directed by a supervisor.
- d. **Traffic control devices:** - extreme care should be used when passing traffic signs or signals. Units should slow down or stop, if necessary, to ensure that all vehicle and pedestrian traffic are aware of and yield to the emergency vehicle.
- e. **Apprehension:** - the patrol supervisor for the division where the apprehension takes place should take charge of the activities at the apprehension site. No other unit should respond unless requested by the patrol supervisor as dictated by the situation.
