1.0 Introduction

As a critical component of the National Surveillance (Jamaica Eye) Program, the Jamaica Constabulary Force (JCF) manages the Closed Circuit Television Monitoring Centres (hereinafter referred to as the JCF CCTV Monitoring Centre) at the Police Emergency Communications Centre (PECC) and other locations. The JCF CCTV Monitoring Centres which incorporate feeds from public and privately owned cameras play a critical role in the national surveillance infrastructure of Jamaica and provide visual coverage (an eye) of imageries across various townships. This technology is a welcome tool in advancing the capabilities of the JCF to prevent, detect and respond to incidents of crime and public disorder using real-time telemetry, multi-agency coordination and efficient resource management.

The management of CCTV Monitoring Centre is aimed at supporting 'on the ground' operations, which in turn, aid in the creation of a safer and more secured environment. Management of the centres will aid in:

1. increased focus on public safety and security;
2. prevention and detection of crimes and public disorder; and
3. provision of evidence for investigations.

2.0 Purpose

This document outlines the standard operating procedure for the management of all CCTV Monitoring Centres in the JCF.

3.0 Scope

This standard operating procedures applies to all sworn and unsworn members and it covers the day-to-day administration and operations of the CCTV Monitoring Centres.

4.0 Standard Operating Procedure

4.1 Command and Reporting Structure

- 4.1.1 CCTV Monitoring Centres shall fall under the command of Operations Portfolio;
- 4.1.2 CCTV Monitoring Centres located in geographic divisions shall fall under the direct command of Divisional Commander/Officer; and
- 4.1.3 the central reporting channel from Divisional Commander to Operations Portfolio shall be through the Police Emergency and Communication Centre's command.

4.2 Staffing, Recruitment and Training

- 4.2.1 Staffing for monitoring centres shall be determined by effective recruitment and screening process;
- 4.2.2 a polygraph examination or other approved method of security vetting shall be inclusive of the screening process;

- 4.2.3 CCTV Operators and Supervisors shall receive initial and periodic training in the use of CCTV Technology; and
- 4.2.4 training must incorporate legislations, regulations, policies and best known practices relevant to the operations of the CCTV systems.

4.3 Security, Access and Daily Operation

- 4.3.1 CCTV Monitoring Centres shall operate on a 24-hour basis with each shift having a Supervisor and sufficient staff capable of monitoring all active video walls.
- 4.3.2 To enhance screen viewing concentration and optimum performance of CCTV Operators, as best as is practicable, each shift shall not exceed 8 hours
- 4.3.3 Duration of work time shall be structured and managed to facilitate optical intermission (in addition to the required one hour welfare break) for each CCTV Operator to ensure ideal levels of concentration. That is, prolonged monitor viewing should be avoided; operators should not look at CCTV monitors for extended periods without rest breaks
- 4.3.4 Access to the monitoring centres will be restricted. Persons wishing to access the monitoring centre must make a written application to the Commanding Officer in the respective division and will only be allowed access after approval has been granted to do so.
- 4.3.5 All CCTV Monitoring Centres shall be classified as **Secured Authorized Access Locations**. Only Authorized Personnel
- 4.3.6 Sharing of login ID, password or security access codes to any unauthorized person is strictly prohibited
- 4.3.7 At the change of every shift, CCTV Operators must "Log-Off" before handing over to the incoming shift.
- 4.3.8 A valid identification card issued by the Commissioner of Police or the Government of Jamaica is to be provided by visitors to the monitoring centre before access is allowed.
- 4.3.9 Visitors shall be given a '**Visitor's Identification Card**' which must be worn for the duration of the visit
- 4.3.10 All visitors must sign the Visitors' Log (see **Appendix B**) and must be monitored for the duration of the visit.
- 4.3.11 No video or audio recording device will be allowed in the CCTV Monitoring Centre

- 4.3.12 At no time must the CCTV Monitoring Centre be left unattended. Whenever personnel are leaving the centre for whatever time or reason, the centre must be securely locked.

4.4 Search, View, Extraction and Handling of CCTV Footage

- 4.4.1 Search, view, extraction and handling of CCTV Footage must be in keeping with all relevant legislations and organizational policies, standard operating procedures and guidelines treating on the handling of evidence;
- 4.4.2 all requests for search, view and extraction of CCTV Footage by interested parties must be made by written application to the Commanding Officer and will only be processed after approval has been granted to do so;
- 4.4.3 all search of CCTV Footage shall be conducted only by CCTV Operators;
- 4.4.4 search, view and extraction of CCTV Footage shall be conducted only for law enforcement purposes;
- 4.4.5 where a search results in the finding of material reasonably deemed to be of evidentiary value, the recording shall be 'locked' for extraction;
- 4.4.6 all crimes, traffic collisions and incidents must be logged, reported to the Commanding Officer without undue delay and locked for extraction;
- 4.4.7 extraction and handling of CCTV Footage for evidentiary purposes shall be conducted by Cybercrime and Forensic Communications Division or any other person trained and authorized to do so;
- 4.4.8 CCTV Footage may be requested and subsequently used by Commanding Officer for the purpose of operational planning, training, investigation and resource management in order to implement/prescribe preventative and corrective law enforcement actions;
- 4.4.9 CCTV footage requested by INDECOM shall be released within fourteen (14) working days of application; and
- 4.4.10 viewing and extraction of CCTV Footage should be conducted in such a manner that prohibits the visitor from viewing live feeds on the video board or any other security related information.

4.5 Public Release of CCTV Footage

- 4.5.1 CCTV Operators are prohibited from making any unauthorized release of CCTV Footage;
- 4.5.2 CCTV Footage shall be authorized for released by the Commissioner of Police or his/her designee;
- 4.5.3 except where stipulated by law, release of CCTV Footage to the public must be in circumstances where such release will not compromise investigations;
- 4.5.4 public release of CCTV Footage shall be with due regards to the safety of member(s), privacy of unconnected persons and due process of law; and
- 4.5.5 where a decision is taken to release CCTV Footage in the interest of the public, the footage must maintain its evidentiary integrity and preserve the dignity, respect and human rights.

4.6 Record Keeping and Data Collation

4.6.1 Proper record must be kept of all activities relative to the CCTV Monitoring Centre and CCTV Footage (searches, viewing and extraction) accordance with this and all relevant JCF policies, SOPs and guidelines.

4.6.2 Records shall be kept of, but shall not be limited to;

- i. Application for Request;
- ii. Incident/Observation Log;
- iii. Visitors Log;
- iv. Movement Diary; and
- v. Inventory Log.

4.6.3 A summary/return of policing activities (to include crime, public disorder, arrest, motor vehicle collision) supported by CCTV must be made each month and shall be submitted to the Commanding Officer or to whom/wherever so authorized to receive such information.

4.7 Incident Log, Lock and Response

4.7.1 CCTV Operators shall communicate occurrences of critical incidents without undue delay via available communications means (radio or telephone) to be actioned by operational personnel;

4.7.2 all observations should be logged for onward reporting to the Commanding Officer; and

4.7.3 'Lock' all critical incidents and/or footage with potential evidentiary value for future viewing/extraction.

4.8 Confidentiality

4.8.1 All activities and footage **MUST** be kept confidential.

4.8.2 Footage shall not be shared with or viewed by external agencies/parties without written permission/authorization of the Division/Branch/Formation Commander of the CCTV Monitoring Centre where the footage of interest is held or the Commissioner of Police.

4.8.3 Any breach of these standard operating procedures will result in disciplinary action

5.0 Roles & Functions

The roles and functions as outlined shall govern the management of CCTV Monitoring Centres:

5.1 Deputy Commissioner of Police in charge of Strategic Operations Portfolio

The Officer in charge of Strategic Operations Portfolio shall have responsibility to:

- 5.1.1 provide strategic guidance, leadership and support for the management of all CCTV Monitoring Centres;
- 5.1.2 interface with key stakeholders on aspects of CCTV in public safety and operational activities;
- 5.1.3 oversee the implementation of policies relevant to the CCTV Monitoring Centres; and
- 5.1.4 institute mechanism for proper training and vetting of all personnel assigned to CCTV Monitoring Centres.

5.2 Officer in charge of Technology Branch

The Officer in charge of Technology Branch shall have responsibility to:

- 5.2.1 interface with stakeholders to bench mark new technologies and best practices on the use of CCTV technology for use in law enforcement;
- 5.2.2 provide training for all personnel assigned to CCTV Monitoring Centres;
- 5.2.3 ensure that CCTV system are maintained on schedule; and
- 5.2.4 create, institute and manage authorize user access to CCTV systems.

5.3 Officer in charge of Information and Communications Technology Division

The Officer in charge of ICTD shall have responsibility to:

- 5.3.1 facilitate scheduled maintenance of CCTV systems and equipment, and
- 5.3.2 coordinate and administer training of personnel assigned to CCTV Monitoring Centres

5.4 Officer in charge of Police Emergency and Communications Centre

The Officer in charge of PECC shall have responsibility to:

- 5.4.1 provide management and operational oversight of all CCTV Monitoring Centre to include adequate staffing and 24-hours operations;
- 5.4.2 ensure that all personnel assigned to monitoring centres are trained and vetted;
- 5.4.3 grant approval for request for CCTV Footage; and
- 5.4.4 ensure scheduled reports are submitted as directed.

5.5 Director, Planning, Research and Development Branch

The Director of the Planning, Research and Development Branch shall be responsible for:

- 5.5.1 conducting timely review and update of this policy and SOP; and
- 5.5.2 interface with stakeholders to bench mark research methodologies and best practices on the use of CCTV technology.

5.6 Officer in charge of Corporate Communications Network

It shall be the responsibility of the Officer in charge of Corporate Communications Network to manage the release of all approved CCTV Footage to the public in accordance with this and all relevant organizational policies, SOPs, guidelines and/or directive.

5.7 Inspector General, IPROB

The Inspector General shall have responsibility to:

- 5.7.1 maintain standards in the operation of CCTV Monitoring Centre within the JCF;
- 5.7.2 conduct technical audit of each monitoring centre as per scheduled;
- 5.7.3 provide an independent and continuous review and checking mechanism for CCTV systems; and
- 5.7.4 report any breach of policy and SOPs on the operations of CCTV Monitoring Centres and make recommendations accordingly.

5.8 Commanding Officer

Commanding Officers with CCTV Monitoring Centres under their command shall have responsibility to:

- 5.8.1 oversee the overall administration and operational management of the monitoring centre;
- 5.8.2 grant approval for request for CCTV Footage;
- 5.8.3 ensure that the CCTV Monitoring Centre is adequately staffed on a 24-hour basis; and
- 5.8.4 ensure scheduled reports are submitted as directed.

5.9 CCTV Monitoring Centre Supervisor

The CCTV Monitoring Centre Supervisor shall not be below the rank of Sergeant He/she shall have responsibility to:

- 5.9.1 supervise, coordinate and account for all resources assigned to the CCTV Monitoring Centre;
- 5.9.2 process requests for feedback, search and view of CCTV Footage;
- 5.9.3 ensure that all log/records are properly maintained and updated; and
- 5.9.4 ensure scheduled reports are completed and submitted as directed.

5.10 CCTV Operator

CCTV Operators shall be responsible to:

- 5.10.1 monitor and operate the CCTV cameras, video boards and associated equipment in the Monitoring Centre;
- 5.10.2 watch live feed and recorded CCTV Footage;
- 5.10.3 maintain records;
- 5.10.4 keep log and report all incidents for action to appropriate channel; and
- 5.10.5 conduct authorized search and view for approved requests.

6.0 Relevant Documents

This Standard Operating Procedure for the use of CCTV shall be read in conjunction with the following:

- i. Data Protection Act, 2020
- ii. Evidence (Special Measure) Act, 2015
- iii. JCF's Handling of Exhibits Policy
- iv. JCF's Standard Operating Procedures for Communication Forensic and Cybercrime Division (CFCD)
- v. Universal Declaration of Human Rights
- vi. Access to Information Act, 2004
- vii. JCF Ethics and Integrity Policy
- viii. Cybercrimes Act, 2015

7.0 Relevant Records and Forms

The following records/forms must be completed or updated:

- i. CCTV Incident Log Register
- ii. CCTV Visitors' Log Register
- iii. CCTV Footage Request Application Form

Appendix 1

CCTV INCIDENT LOG REGISTER

DATE	TIME	DETAILS OF INCIDENT	CCTV OPERATO R	ACTION/ COMMENT	SIGNATURE

Appendix 2**CCTV VISITORS' LOG REGISTER**
