5.0. Description of Activities [Procedures]

Call for Service/Reactive Maintenance

- | | | |
|-------|--------|---|
| 5.1. | HDO | Receive complaint via phone call, email or via the Helpdesk application |
| 5.2. | HDO | Generate an ticket and submit same to the head of the appropriate department. |
| 5.3. | DH | Conduct an assessment of the ticket and assign ticket to appropriate teams/individuals/departments for them to action same. |
| 5.4. | TS | Meet and devise a plan to move to the location and address the issue. A check List of activities is generated. |
| 5.5. | TS | Contact the CO/SP at the location to announce the team's expected arrival and to provide the assistance needed to conduct the technical support function. |
| 5.6. | TCH/TS | Conduct on location assessment validation to ensure what was reported is accurate. If the report was accurate, then proceed with the maintenance activities. Otherwise, the team may have to carry out the activity at another date or, the team may have to improvise to assist with addressing the issue. |
| 5.7. | TCH/TS | Conduct all the necessary tests to ensure that the system is now operating as expected. |
| 5.8. | TCH/TS | Engage the user to validate that there is now a resolution of the issue. |
| 5.9. | TL/TL | Present a verbal report to the CO/SP of the division after the maintenance activities have been completed. |
| 5.10. | TS/TL | Return to base and report (orally) to the HDO advising them of the status of the ticket i.e., it was completed and closed, incomplete, needs to be extended etc. |
| 5.11. | HDO | Generate a report (performance based) on the maintenance |
