SERIAL NO. 3896

Sub. No. 4 AMALGAMATED SECURITY SERVICES LIMITED (ASSL)/ ASSOCIATION OF CARIBBEAN COMMISSIONERS OF POLICE (ACCP) REGIONAL RECOGNITION AWARDS PROGRAMME

In recognizing outstanding Police Officers in ACCP's Member Forces/Services/Departments, Amalgamated Security Services Limited (ASSL) in conjunction with the Association of Caribbean Commissioners of Police (ACCP) have initiated the ASSL/ACCP Regional Recognition Awards Programme. On a yearly basis, this awards programme will recognize a total of nine outstanding Police Officers from member countries of the ACCP, three officers per each of the three categories. The categories are as follows:

1. **Top Caribbean Community Policing Officer**
2. **Top Caribbean Crime Fighter**
3. **Top Caribbean Career Move**

Each of the first place police forces will be informed and awarded US\$5,000.00. In return the police force/service will identify the entities that the prize money will be donated to. These entities can be initiatives of the police force (e.g. youth clubs), charities or the like.

The three successful Officers within each three categories (nine officers) will all be recognized at the Annual General Meeting and Conference of the ACCP. The winning officers, as well as the first and second runner ups in each category will receive an all-expense paid trip to the conference to receive the awards which include a trophy. Additionally, all winners and runner up will have full access to the weeklong activities associated with the ACCP AGM which includes; the participation in all open workshops, special presentations and social activities.

These awards are intended to recognize officers who by their efforts have contributed significantly to crime reduction, enhancing community relations (with law enforcement), improving general safety and security and have made an overall difference in their police force, communities and by extension nationally and regionally.

Key Elements of the Programme

- A panel of judges appointed by ACCP will select the winners of the programme.
- There will be three categories that individuals can be nominated for.
- The judging panel will accept one nomination per category per member country.
- All persons nominating candidates must use the official form provided on the websites: www.assl.com or www.accpolice.org. Nominations submitted in any other format and/or not matching the guidelines outlined in the nomination guidelines will not be acknowledged.
- Together with the nomination a full body picture of the nominee in official uniform must be submitted.
- The panel of judges will only look into activities/achievements within two years preceding an individual's nomination. Activities/achievements dating back longer than two years will not be considered. The decisions of the judges shall be final.
- The deadline for submission of nominations is the ***last day of February every year***. Late submissions will not be acknowledged.
- Winners in any of the categories (1st or 2nd or 3rd place) cannot be nominated for three consecutive years following their award.

Top Caribbean Crime Fighter

To ensure a fair chance for officers from smaller forces versus officers from larger forces, the Top Caribbean Crime Fighter will not only be selected by the number of crimes detected by the nominated officers. The ratio between cases assigned to any officers and detected cases by these officers may also be considered. Furthermore, the impact that the case(s) detected by an officer (including resulting convictions) had on general safety and security within the respective community (and by extension country and region) will be a main criterion for the judges on the panel.

APPENDIX 'D' TECHNOLOGY BRANCH- "PASSWORD SECURITY TIPS"
TO FORCE ORDERS NO. 3896 DATED 2022-02-03

TECHNOLOGY BRANCH PASSWORD SECURITY TIPS

DO NOT SHARE YOUR PASSWORDS!

Do not tell anyone your password. You would not share your banking credentials with anyone, so treat your passwords with the same confidentiality. Keep your passwords safe by keeping them to yourself.

USE ATLEAST EIGHT CHARACTERS

Password strength is important. A minimum of eight (8) characters is recommended. A longer password is a stronger password.

DO NOT RECYCLE PASSWORDS

Avoid using the same password across multiple channels. Recycling old passwords leaves your accounts vulnerable to credential stuffing efforts. (Credential stuffing is a cyber attack in which credentials obtained from a data breach on one website are used to attempt to log in to another unrelated website).

MIX IT UP

A strong password has complexity and randomness. Use symbols, numbers and a mix of upper case and lower case letters. A good example of a strong password is Jelly22fi\$h.

CHANGE IS GOOD

Your password may exist on a list somewhere in the hands of a threat actor and you have no idea. Change passwords regularly. It is recommended that you change your passwords every 90-180 days.

Mental Health Care for All. This October, the focus is on mental health care for all. Now more than ever, the policing profession should be included as it is regarded as being very high risk for the development of mental health conditions. These may result from various critical incidents and repeated exposure to traumatic events such as death of a colleague or processing a gruesome crime scene. Ever so often we hear statements such as "Police are stressed" or we see news headlines which read "police murder-suicide, police shot himself and spouse". Trends like these are very worrisome and oftentimes leave one to ponder the psychological wellbeing of the members of the police force. Depression and exposure to trauma are the catalyst for other mental health problems such as suicide and self-harm behaviours.

Breaking the Barriers. The stigma that surrounds mental health is a major concern in our Jamaican context and creates a barrier for many persons accessing mental health care. Many police officers are reluctant to seek mental health help and many assume that they should always be strong and shudder at the thought of displaying weakness and vulnerabilities. However, it is very normal and healthy to take care of ourselves and to ensure that we are functioning at our optimal level and to ensure that those alongside us are also taking care of their mental health. Break the barriers by making mental health care and wellness a part of your daily conversations, routine and lifestyle.

See tips on the left on how to maximize mental wellness and mental health care.

For more information on managing depression and trauma or to speak with a Counsellor, you may contact us at the Medical Services Branch.
