Sub. No. 3 REMINDER - AMENDMENTS - ATTENDANCE OF MEMBERS OF THE JAMAICA CONSTABULARY FORCE PURSUANT TO INDEPENDENT COMMISSION OF INVESTIGATIONS (INDECOM)

Force Orders No. 3857, Part I, Sub. No. 5 dated 2021-05-06, is hereby republished for information and strict compliance.

It has come to attention that despite the amendment first published in Force Orders No. 3840, Part 1, Sub. No. 1 dated 2021-01-07, indicating that INDECOM Investigators on the presentation of identification, are entitled to independently view and make copies of routine Jamaica Constabulary Force records, including (station diaries) without a search warrant, there are reports of non-compliance.

Members of the Force are required to co-operate with INDECOM Investigators and comply with the established protocol. Any deviation may be considered as disobedience of the Commissioner's order and will result in disciplinary actions being taken against such members.

Pending the establishment of a protocol pursuant to the recent ruling of the full court on July 30, 2013, citing the authority vested in the Independent Commission of Investigations (INDECOM) to effect the arrest or prosecution of members of the Jamaica Constabulary Force, the Ten Point Protocol as set out in Force Orders No. 3531, Part I, Sub. No. 3 dated 2015-02-05, which was previously agreed on between the Jamaica Constabulary Force and INDECOM remains relevant and is hereby re-published with amendments:-

FORCE ORDERS (CONT'D)

13TH MAY, 2021

SERIAL NO. 3858

REMINDER - AMENDMENTS - ATTENDANCE OF MEMBERS OF THE JAMAICA
CONSTABULARY FORCE PURSUANT TO INDEPENDENT COMMISSION OF
INVESTIGATIONS (INDECOM) (CONT'D)

TEN POINT PROTOCOL TO GUIDE FUTURE INVESTIGATIONS BY INDECOM

The Commissioner of Police and the Commissioner of the Independent Commission of Investigations (INDECOM) have agreed on a 10-point protocol to guide future investigations by INDECOM

All members must be directed by the new protocol to ensure the transparent and efficient conduct of investigations by INDECOM and the protection of members' rights.

The JCF accepted that INDECOM will:

- *be speedily informed of incidents of alleged abuses of citizens by Police personnel;*
- *have charge of the scenes of incidents;*
- *have access to documents and other relevant material pertaining to the particular investigation; and*
- *have the right to interview JCF personnel.*

INDECOM accepted that in its investigations care must be taken not to:

- *cause avoidable disruption of the operations of the JCF;*
- *prejudice the fair trial of JCF personnel or otherwise breach their constitutional rights; and*
- *reveal sensitive, secret or confidential information.*

Both Commissioners agreed to:

- *cooperate in furtherance of the agreed principles;*
- *draft and settle rules and protocols to further these principles; and*
- *appoint liaison officers to, among other things, ease communication.*

On the point of access to routine JCF records (e.g, Station Diaries) both parties agreed that INDECOM investigators, on presentation of identification, are entitled to independently view and make copies of same without the need for a search warrant.

Commanding Officers are to take steps to ensure that in instances where members are scheduled to attend the offices of INDECOM or to meet with their investigators pursuant to their investigations and they are unable to keep a scheduled appointment, that INDECOM be informed in a timely manner with a view of re-scheduling same.

Communications with INDECOM via telephone are to be made by no less a rank than an Inspector of Police and should be recorded in the station diary. This form of communication should be followed up with written communication from the Commanding Officer within 48 hours.

This subhead must form a part of briefings and debriefings for the next four (4) weeks.

APPENDIX 'E' (CONT'D) TO FORCE ORDERS NO. 3858 DATED 2021-05-13

COVID in Jamaica

In Jamaica it is estimated that about 1.8 mil (70%) of our population will eventually be infected with COVID-19. The majority of whom will be mildly or overtly symptomatic and require isolation at home.

Nutrition and COVID-19

The influence of nutrition on the immune system has been widely reported. In addition, recent studies have also highlighted the influence of both, an adequate nutritional status and the appropriate intake of specific nutrients in COVID-19.

Protein -

Protein deficiency is linked to impaired immune system function. Quantity and quality of proteins is an important factor. Including proteins of high biological value containing all the essential amino acids may exert an anti-inflammatory effect. Some amino acids - (arginine and glutamine) are well known for their ability to modulate the immune system

Fats/Lipids

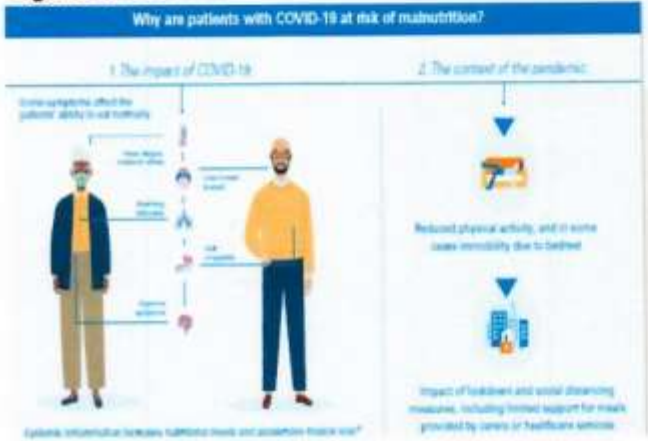

Omega-3 fatty acids (EPA + DHA) - reduced severity and/or improve the recovery of persons with COVID-19

Carbohydrate + dietary fiber

Vitamins and Minerals

Vitamins (A, C, D, E, B6, B12, folate), iron, magnesium, zinc, selenium, and copper plays a vital role in disease susceptibility and immune function. Deficiencies and/or inadequate status may negatively affect immune system leading to decreased resistance against infections.

What should you eat and drink?

With an infection, the body must work intensely to mount an immune response. High fever is the immune system way of revving up metabolism. Fever is also associated with excessive loss of fluid which can lead to dehydration. Even though you may not be hungry or thirsty it is important to continue to eat and drink fluids for your body's immune function.
