SERIAL NO. 4023

Sub. No. 1 THE COMMISSIONER'S CORNER

Greetings again Colleagues,

Hurricane Beryl is behind us and now it is time to pick up the pieces and move on. But while we do that, we must be mindful that the season has only just begun and so we have to brace ourselves for what promises to be one of the busiest hurricane seasons to date. In keeping with our mandate of public reassurance, on your behalf, I made Jamaica a promise that we will do all that was in our power to secure and protect our people, our infrastructure and our businesses; as well as being on the forefront of, as much humanitarian effort as our capacity allows. I made this promise without reservation or doubt as to whether or not we will deliver. My dear Colleagues, it is a great feeling as your Commissioner to be able to give this type of commitment, knowing very well that you will not flinch for a moment from delivering stalwart service to a grateful nation. Your execution of this mandate was so seamless, that there is no doubt that you were made for this. This is who we are. This is what we do.

Usually during these situations, people stay home with families, while we leave our homes and families to serve, protect and reassure. I have not had a single complaint, or report of any member expressing reservation in answering the call to duty. I want to take this opportunity to thank you. Let me recognize our Commanders, at the Portfolio, Area/Branch and the Divisional levels for your leadership of our members and for inspiring the type of confidence that is necessary to respond to these challenging situations. Colleagues, I have been receiving a number of emails, WhatsApp and text messages from various external persons expressing their gratitude to you for your service and support during the passage of Beryl. Jamaica thanks you.

I have gone out with members of the High Command to various Areas, Divisions and Formations to speak with as many of you as I could lay hold of, given your busy schedule at this time, to first say thanks and to enquire about your wellbeing and that of your families. I am happy to say that apart from a very few of our members who have unfortunately suffered damage to their properties – mainly rooves and motor vehicles, and a little leaking here and there, you have weathered the storm quite well. We will be assisting those members in the recovery process. Our objective was also to see the situation on the ground and any damage to our facilities, first hand. I have seen police and citizens working very hard to clear some blocked roadways. I have seen officers rescuing persons who were trapped in their homes by fallen trees. I have seen members out in their numbers protecting residential and business communities. I have seen members 'doubling up' to ensure that our lockups are adequately manned and the detainees are safe. I have seen members facilitating, and in several instances, assisting members of the public to check on their vulnerable relatives and friends, as well as their livestock and farms.

There are a couple of our facilities that have suffered damage, including the Exeter Police Station in Clarendon that lost its roof. There is also the Linstead Police Station and Canine Division that suffered damage to the rooves. Additionally, there are some urgent resource needs that have been identified at many of our facilities, especially with respect to electricity and water. A comprehensive assessment was done by the Property Management and Maintenance Division under the Force Development and Logistics Portfolio and efforts are under way to effect the necessary repairs and to satisfy much of the identified resource needs.

Colleagues, once again, thank you for your continued support and service to the people of Jamaica. I crave your continued patience as we restore the facilities that have been affected and seek to procure the needed resources.

I wish for you and your families a peaceful and blessed weekend. Until next week, stay safe.

Sub. No. 9 REMINDER - FILLING OF VACANCIES AT THE RANKS OF SERGEANT AND CORPORAL

Force Orders No. 4022, Part I, Sub. No. 4 dated 2024-07-04, is hereby republished for general information.

Due to the larger than usual intake of constables over the last three financial years, a staffing deficit has occurred resulting in a pervasiveness of supervisory roles being performed by persons of a lower rank. This is being addressed by promoting these de facto actors, where they are recommended by their Commanding Officer.

Note however that upon cessation of this approach, promotion to supervisory ranks will be by three (3) pathways:

1. Successful completion of a developmental programme;
2. Immediate promotion by the Commissioner of Police in exceptional or extraordinary situations, limited to 20% of vacancy;
3. The traditional approach, which is being modified to only admit into the Selection Process, persons that demonstrate the requisite knowledge of the job, evidenced by -
 - Successful completion of designated courses at the NPCJ, or
 - Successful completion of designated self-paced courses, or
 - Successful participation in an examination.

Regardless of the approach, conduct, productivity and quality of work will be heavily factored.

A revised selection Procedure for Promotion is forthcoming.

Sub. No. 10 REMINDER - THE PROSECUTION OF MOTORISTS FOR THE USE OF ELECTRONIC DEVICES WHILE DRIVING

Force Orders No. 4022, Part I, Sub. No. 5 dated 2024-07-04, is hereby republished for general information.

The High Command of the Jamaica Constabulary Force (JCF) has noted the recent concerns raised by members of the public regarding the issuance of traffic tickets for the use of electronic devices while driving. While road safety and minimizing driver distractions are major underpinnings of the Road Traffic Act (2018), there is a comparable need for clarity and fairness in the enforcement of this law.

Since February 1, 2023, the JCF, through the commissioning of the Act, has been empowered to issue traffic tickets to individuals using cellular phones and other electronic devices while driving.

However, several complaints have been received from motorists about instances where they have been ticketed under circumstances that do not constitute a violation of the law. These include:

1. Having their phone in their lap but not in use.
2. Having their cell phone in their shirt pocket.
3. Having their cell phone on their passenger seat or in the middle compartment.
4. Having their phones between their thighs.
5. Pulling to the left of the road in an area allowed for parking and using the cell phone.
6. Pulling to the left of the road, switching off the engine and making a call.
7. Pulling to the left of the road without impeding traffic and making a call.

REMINDER - THE PROSECUTION OF MOTORISTS FOR THE USE OF ELECTRONIC DEVICES WHILE DRIVING (CONT'D)

8. Having a phone or device mounted on the dashboard without obstructing the driver's view, for the purpose of navigation.

In response to these concerns, members of the Force are to ensure that traffic tickets are issued only in situations that align with the provisions of the Road Traffic Act (2018), sections 121 - 122 treating on the use of electronic devices.

Specifically, members are to prosecute for use of electronic device (cellular phone) only:

1. When the device is being used in the hand(s) of the driver.
2. Where the electronic device is not in the hand of the driver but on any other part of the person's body (lap/thigh/leg), prosecution is only to be made where the person is seen engaging the device through dialling a number, constructing a text message, watching a video, surfing the net, etc).
3. Where a driver has the device in his/her pocket, and removes it from his/her pocket whilst the vehicle is in motion.
4. Where a driver is seen in a live traffic lane/line, whether at a stop light or otherwise using a device.
5. Where a driver is seen with a cell phone or other device mounted within his view in the vehicle not for navigation but showing live images, etc.

Members are reminded that the misapplication of the law may expose them to possible civil action by the affected motorist and the internal disciplinary process.

Commanding Officers are to ensure that this sub-head forms the subject of lectures and briefings for all members over the next six (6) weeks.

APPENDIX 'A' (CONT'D) TO FORCE ORDERS NO. 4023 DATED 2024-07-11

1.0 Introduction

The use of force, lethal or otherwise is not uncommon among members primarily due to the extent of crime and violence within the Jamaican environment. Notwithstanding, the Jamaica Constabulary Force (JCF) is obligated to ensure that members' actions are lawful and fully consistent with the JCF's policies, procedures, rules, regulations and stipulated training, and that where required, the degree of force used is justified and necessary to execute their functions as humanely as possible.

Lethal force on the Use of Force Continuum includes the discharge of a firearm which may or may not result in bodily injury or death. When death is occasioned by the use of force, or, where a member discharges a firearm whether on or off duty, an administrative and criminal investigation will immediately commence. The scope of the investigation is likely to be wide-ranging. It will not only include the circumstances of any injury to, or death of any person, but also the circumstances leading up to the incident and all the surrounding issues such as the persons involved directly or indirectly.

It should be noted that incidents involving the use of firearm(s) may affect members differently; it is therefore not possible to accurately determine who may be affected and the extent. Studies and experience have shown that law enforcement personnel, who have not discharged their weapons or suffered injury in both fatal and non-fatal encounters, may also be traumatized.

The JCF Human Rights and Police Use of Force and Firearms Policy stipulates that an Administrative Review (AR) must be conducted in every case where a member uses lethal force; that is, in every case where the member discharges a firearm whether death, injury or no injury resulted therefrom. Administrative Reviews are separate and distinct enquiries from the criminal investigations. Although criminal investigations often require some time to reach a conclusion, ARs should normally be of short duration, reaching preliminary findings within seven (7) days of the incident.

2.0 Purpose

This document outlines the JCF's Policy and Standard Operating Procedures on the management of the AR process. It includes *inter alia* a determination of the extent to which: i) training was adequate; ii) supervision was adequate iii) policies and procedures were adhered to; and iv) policies, regulations and standard operating procedures were clear and effective to cover the situation.

3.0 Scope

This policy and SOP shall apply to all sworn members of the JCF and its auxiliary and covers the conduct of the AR surrounding the use of firearm. It does not cover criminal investigations.

4.0 Policy Statement

It is the policy of the JCF that an Administrative Review shall be conducted in all incidents involving the use of firearms. The purpose of this review is to enquire into the administrative aspects of the circumstances in order to determine if, and to what extent the involved member(s) action(s) were in conformity with laws, regulations and force policies. Recommendations of the AR will inform administrative outcome(s).

APPENDIX 'B' (CONT'D) TO FORCE ORDERS NO. 4023 DATED 2024-07-11

1.0 Introduction

The Protected Disclosures Act ("the Act") came into effect on March 8, 2011 with the stated objectives to:

- a. facilitate and encourage the making, in a responsible manner, of disclosures of improper conduct, in the public interest;
- b. regulate the receiving, investigating or otherwise dealing with disclosures of improper conduct; and
- c. protect employees who make specified disclosures from being subjected to occupational detriment.

Section 13 of the Act places obligation on the Jamaica Constabulary Force ("JCF") to *inter alia*, develop and implement policies and standard operating procedures for receiving, investigating and otherwise dealing with disclosures of improper conduct. Against this background, the organization has developed the Jamaica Constabulary Force Policy and Standard Operating Procedures for the Management of Protected Disclosures.

2.0 Purpose

This document outlines the JCF's Policy and Standard Operating Procedures ("SOP") on the Management of Protected Disclosures made pursuant to the Act. It provides the mechanism to facilitate the confidential disclosure of information by members of the JCF that may be reasonably deemed to be improper conduct. The objectives of this Policy and SOP are to:

- a. establish procedures for receiving, investigating and otherwise dealing with disclosures made under the Act;
- b. provide a standardized approach for treating with protected disclosures consistent with the Act;
- c. strengthen the mechanisms within the JCF to encourage members to report internally, as soon as possible, any improper conduct in the workplace, in the manner provided by the Act, and in with the reassurance that their reports will be taken seriously and investigated, where appropriate, and that their confidentiality will be respected, in accordance with section 24 of the Act;
- d. facilitate the making of protected disclosures to prescribed persons outside the JCF; and
- e. establish safeguards to protect against the making of false, misleading, reckless and/or malicious disclosures.

3.0 Scope

This Policy and Standard Operating Procedures applies to all sworn and unsworn members of the JCF and covers only protected disclosures made pursuant to the Act. It does not protect disclosures by members who, by making such disclosures, commit an offence. Neither does this Policy and SOP compel a member to make any disclosure which will result in self-incrimination. Any information not made in good faith and in the public's interest shall not qualify for protection under this Policy and SOP. Therefore, this policy protects against disclosures made in bad faith, which may be false, misleading reckless or malicious. All references to the Commissioner of Police in this Policy and SOP shall be in his capacity as the employer pursuant to section 13 (1) of the Act. The role of the Commissioner of Police as a Prescribed Person is not contained in this Policy and SOP.

Dear Major General Anderson,

THANK YOU

On behalf of the men and women of the Jamaica Fire Brigade, I would like to extend our gratitude to the to the Jamaica Constabulary Force (JCF) for the loan of one of your boats for our recent marine firefighter training.

We commend the JCF for its commitment in promoting public safety and emergency response capabilities and we are confident that the skills acquired during this training will prove invaluable in our mission to save lives and protect property.

Once again, thank you for your support and we look forward to the opportunity for future partnerships.
