Sub. No. 2 REMINDER - MODIFICATION - PROCEDURE IN TREATING WITH FOREIGN NATIONALS

Force Orders No. 3915, Part I, Sub. No. 5 dated 2022-06-16, is hereby republished with modification for general information.

The attention of members is drawn to instructions previously promulgated relative to the procedures to be adopted when treating with foreign nationals in distress or who have been arrested.

DIPLOMATIC IMMUNITIES AND PRIVILEGES

The provisions of Force Orders No. 1740, Part I, Sub. No. 2 dated 1980-10-09 and Force Orders No. 3425, Part I, Sub. No. 7 dated 2013-01-24 dealing with Diplomatic Immunities and Privileges are hereby republished for general information.

All ranks should be aware that representatives of Foreign States who are afforded diplomatic status are not subject to the laws of the receiving State and hence are accorded inviolability of their residences and other personal property.

In an effort to have all diplomats properly identified, the Ministry of Foreign Affairs and Foreign Trade has had identification booklets issued to all persons afforded diplomatic status and these booklets are countersigned by the Commissioner of Police.

I give below an extract from a letter of advice issued by the Ministry of Foreign Affairs and Foreign Trade to all Foreign Missions:

FORCE ORDERS (CONT'D)

17TH AUGUST, 2023

SERIAL NO. 3976

PROCEDURE IN TREATING WITH FOREIGN NATIONALS (CONT'D)

The advice which follows has been worked out with the security authorities, and I am asking you to ensure that this information is brought to the attention of all your staff.

In the first place, if any member of Mission Staff, or any member of such person's family is stopped by the Security Forces, he should immediately identify himself by means of the ID card provided by the Ministry of Foreign Affairs to each such person. This means that the Ministry of Foreign Affairs' identification card should be carried on the person at all times. Children under sixteen years have not been issued identification cards and will, therefore, be vouched for by the diplomat/parent.

Secondly, if any such person is carrying a firearm, the firearm permit must also be immediately produced. This means that firearm permits also must be carried at all times. Failure to produce this permit could result in temporary confiscation of the firearm.'

No member of the Diplomatic Corps, their staff or their servants should be prosecuted for any offence or any writ served on them, without reference to Police Headquarters. In addition, no member of the Force may enter upon the premises of a foreign mission without invitation.

I wish to make it clear that I do not intend to tolerate situations where this Department is embarrassed by members who disregard the facilities and courtesies which are accorded to members of the Diplomatic Corps, their staff or their servants.

It is appreciated that some rural stations may not receive PHASE4 warning in time and therefore sub-officers in-charge stations should listen to the radio stations after the PHASE 3 warning has been issued.

APPENDICES
APPENDIX 'A' ACCELERATED PROMOTION PROGRAMME 2023 SYLLABUS
TO FORCE ORDERS NO. 3976 DATED 2023-08-17

The Jamaica Constabulary Force

Accelerated Promotion Programme (APP) Phase 1 Syllabus 2023

Phase 1 of the Accelerated Promotion Programme (APP) 2023 seeks to identify candidates with the requisite baseline knowledge to take advantage of this rapid promotional opportunity. The material outlined in the syllabus will enable those aspiring for a place on the APP to demonstrate knowledge of laws, and police procedures. This syllabus is a professional development tool that all aspirants to the APP should use as the guide, for their preparation. The syllabus identifies the span of content for the examination, its structure and reference material.

This phase will have one examination paper. The paper will be based on the specified legislation, regulations, rules and Jamaica Constabulary Force policies and procedures. The questions will focus primarily on the application of the syllabus material to policing. Therefore, candidates are encouraged to read the syllabus holistically as questions are likely to be integrative. Candidates who are successful in this phase will move on to Phase II - the physical tests, where candidates will undergo physical endurance testing to ascertain their fitness level. **(Please be reminded that your physical conditioning is your responsibility and can affect your advancement to the other stages of the process; candidates are therefore encouraged to start their preparations for Phase II along with that for Phase I.)**

THE ACCELERATED PROMOTION PROGRAMME 2023

1. Background/Introduction

Historically, accelerated promotion programmes have served various purposes in police services and other business environments. For all organizations, these programmes have generally contributed to their capacity to manage their manpower talent, motivate younger members to excel as well as to bring new knowledge and skills into the management group. All such programmes have generally been futuristic and based on the premise of providing a pool of middle managers with extensive knowledge of the functions, operations and values of the organization, in the short to medium term.

The Jamaica Constabulary Force (JCF) is no exception. For over 40 years it has used accelerated promotion programmes to augment the officer corps, fill manpower gaps and provided alternative pathways for the advancement of members and by extension, the organization. Without question, accelerated promotion programmes have not only bolstered the infusion of new knowledge, skills and ways of thinking in the officer corps. Importantly, these programmes have assisted in cushioning the impact of the high rate of attrition that has adversely affected the organization.

This accelerated promotion programme is in keeping with the Jamaica Constabulary Force's Selection Procedures for Promotion, and represents one of the several pathways for promotion within the organization. The programme is designed to identify, select and train suitably qualified constables, corporals, and sergeants to become members of the officer corps. This document provides the framework for managing the initial application and selection processes as well as training and development of the participants.

2. Programme Design

The Accelerated Promotion Programme will include a training and development component which is intended to ensure that participants:

- a) are engaged in a structured programme of learning and guided development.
- b) strengthen their competencies as police managers and leaders.
- c) are given opportunities to bridge experiential gaps in general policing and to positively influence and impact the management and culture of policing, and
- d) add value to the organization while being engaged in the training programme.

Training and Development comprise the following seven stages:

Stage 1 – Personal Effectiveness and Police Supervisory Studies

This preliminary stage designed to prepare candidates for station management will provide professional and practical. This will allow participants to develop the requisite skills needed for station management and police professional development. Each participant will complete a Professional Development Plan and be assigned a coach and mentor.

JCF/FW/PL/Adm/0001/2023/APP01

Stage 2 – Station Management Attachment

The station management attachment will provide the participants with experience in supervision, station management and practical policing operations.

Stage 3 – Academic Module

Stage 4 – Special Command Course

This stage of the training will specifically provide professional and practical training to prepare candidates to operate across a wider span of control at the divisional level.

Stage 5 – Station Command Attachment

Upon promotion to the rank of Inspector, participants will be assigned station command.

Stage 6 – Command Course

This period of classroom training will encompass elements of Command and Operations Field Commander Training to support the participants' professional development and knowledge on how an effective organization functions. The expertise of experienced external managers and executives will be used to deliver best practices in organizational leadership management and transformation. Candidates that complete this stage satisfactorily will proceed to the divisional attachment stage of the programme.

Stage 7 – Divisional Assignments with Workshops and Seminars

Participants will rotate through administrative, operational, investigative and community safety roles within the assigned divisions. This stage will provide the participants with wider operational and development experience in their role as managers.

In order to enable effective management of their performance, participants will be assessed at all stages of the programme. This will provide the opportunity for coaching and guidance of the individual and enhance decision-making throughout the duration of the programme. At the minimum, Assessment Reports should be completed by the Course Administrative Team as follows:

- a) *Classroom Training* – interim at 6 weeks, three months intervals and at the end of each stage.
- b) *Attachment Stages* – Quarterly and at the completion of each attachment by the reporting manager assigned and through scheduled and unscheduled visits.
