Sub. No. 3 REMINDER -REVISED LOCK-UP ADMINISTRATION POLICY AND PROCEDURES

Force Orders No. 3629, Part I, Sub. No. 7 dated 2016-12-22, is hereby republished for general information.

The Jamaica Constabulary Force has responsibility for the safe custody of prisoners in police lock-ups and to ensure that they are treated in a dignified manner with respect for their human rights. Several incidents in recent times have reinforced the need for this responsibility to be reviewed and for members to be more vigilant in the discharge of their related duties.

In order to strengthen the guidelines within which members must operate, the Lock-up Administration Policy has been revised and attached to these Orders as [Appendix 'A'](#) for general information. It is imperative, that the policy is adhered to by all members who perform lock-up duties or who have responsibility for the administration of lock-ups as any failure to do so may result in strong disciplinary or other actions.

Commanding Officers are to ensure that the policy forms the subject of lecture for the next six (6) weeks and returns submitted to the Inspector General, Inspectorate of Constabulary.

Sub. No. 7

**REMINDER - INSPECTION OF POLICE LOCKUPS - THE INDEPENDENT COMMISSION
OF INVESTIGATIONS (INDECOM) ACT (THE ACT)**

Force Orders No. 3664, Part I, Sub. No. 1 dated 2017-08-24, is hereby republished for general information.

Section 10 and 11 of the Act empowers the INDECOM to investigate complaints of incidents against members made by any person and or as reported by the responsible head or officer.

Section 13 permits investigation by the INDECOM on its own initiative. Section 4(3) entitles the INDECOM to, upon the authority of a warrant have 'access to any premises ... where the Commission has reason to, believe that there may be ... any property which is relevant to an investigation...'

It has been agreed that, where the INDECOM is operating:

- on its own initiative and requires access to any police lockups it will give at least two (2) clear days' notice before exercising its power; and
- pursuant to Sections 10 and /or 11 to have immediate access to the lockups or as soon as practicable (practicability to be agreed on by the Director of Investigations and the relevant Commanding Officer) .

Members are required to adhere with this agreement and be mindful of Section 33 (b) (i) of the Act which criminalizes, 'Every person who ... without lawful justification or excuse obstructs, hinders or resists the Commission ... in the exercise of functions under this Act...'

Commanding Officers must ensure that the provision of this sub-head is brought to the attention of members under their command.

FORCE ORDERS (CONT'D)

SERIAL NO. 3665

Sub. No. 8 REMINDER - AMENDMENT TO SECTION 5 OF THE CONSTABULARY FORCE ACT

Force Orders No. 3664, Part I, Sub. No. 2 dated 2017-08-24, is hereby republished **with corrections** for general information.

A consequential amendment from The Law Reform (Zones of Special Operations)(Special Security and Community Development Measures) Act is Section 5 of the Constabulary Force Act, which now reads:

'Sub-Officers and Constables of the Force may be enlisted for a term of five years, and no Sub-Officer or Constable of the Force, so enlisted, shall be at liberty to withdraw himself from the Force until the expiration of that term; and no Sub-Officer or Constable of the Force who has not been enlisted for a term shall be at liberty to withdraw himself from the Force until the expiration of six months from the time he shall have given notice in writing of his intention so to do to the Officer under whose immediate orders he shall be; and if any Sub-Officer or Constable shall so resign or withdraw himself before the expiration of such term, without the permission, of the Commissioner or without such previous notice, *he commits an offence and is liable on summary conviction in a Parish Court, to a fine not exceeding Two Hundred and Fifty Thousand Dollars or to imprisonment for a term not exceeding three months*(emphasis added).'

The practice of automatically accepting resignations especially at short notice is proving detrimental to good administration. Some of the challenges are:

- Disruption to the functioning of formations from the sudden loss of Specialists who are not easily replaced.
- Dismissal of cases for want of prosecution where members who are critical witnesses separate without making adequate provision for the continuation.
- Inability for the organization to implement retention strategies owing to the absence of data that should have been captured at an exit interview.

Effective from Force Orders No. 3662 dated 2017-08-10, the grant of permission to resign/withdraw will be determined on the merit of each case, but in general is likely to be denied where;

1. The notice is less than six months or in exceptional circumstances less than four weeks;
2. Due to the fault of the applicant, a final appraisal is not completed;
3. Due to the fault of the applicant an Exit Interview was not conducted;
4. A certificate that the member is not a witness or that adequate provision has been made for the continuation of any case is not appended; or
5. Government properties issued for the performance of duty are not returned.

The withdrawal of service by any member where the permission to resign has been denied, in addition to being a bar to any future readmission or the grant of a recommendation, may result in:

1. Dismissal in accordance with Regulation 27(1) of the Police Service Regulations 1961.
2. Prosecution under Section 5 of the Constabulary Force Act.

Commanding Officers must ensure that the provision of this sub-head is brought to the attention of members under their command.

Sub. No. 9 REMINDER - MORATORIUM ON THE SEIZURE OF CHASIS USED IN THE HAULAGE OF CONTAINERIZED CARGOS

Force Orders No. 3664, Part I, Sub. No. 3 dated 2016-08-24, is hereby republished for general information with slight modification for general information and strict compliance.

Members of the Jamaica Constabulary Force have been properly engaged in the prosecution of drivers and the seizure of chassis used in the haulage of containerized cargos to and from the Port of Kingston, which are not licensed in accordance with the provisions of the Road Traffic Act.

This legitimate action however, has resulted in much dislocation in the island's commercial activities.

As a consequence, several stakeholders to include, the Port Trailer Haulage Association, the Shipping Association of Jamaica, the Ministry of Transport, Works and Housing and the Island Transport Authority have entered into discussions with a view to resolve the issues relating to the licensing and registration of these chassis and to have them compliant with the Road Traffic Act.

In light of the ongoing effort which is fully supported by the Port Authority of Jamaica, members of the Force are to discontinue the prosecution of drivers and the seizure of these chassis until further orders.

Commanding Officers must ensure that this subject is brought to the attention of all members under their command.

Re: Bush Fires – Williamsfield Gardens and Heights Community

The Williamsfield Gardens and Heights Citizens Association wish to express thanks and appreciation to Corporal Marsha Lofters and the Williamsfield Police Station Team for addressing the issue of frequent bush fires within our community.

Mr. Harvin Rochester, who has mental issues has been responsible for starting these fires which posed a threat to the houses of residents.

Corporal Lofters with the assistance of the Ministry of Health ensured that Mr. Rochester was taken for medical attention.

We look forward to a cessation of bush fires within the community.

Our thanks to Corporal Lofters and the Williamsfield Police Station Team for handling this matter promptly and effectively. You are indeed a credit to the Police Force. Continue the good work.

Reaching Out

I apologize, I saw your call, however, I was on the other line
I was talking with a friend, the one I told you of, and believe me,
He is not doing so well.

Crisis it seems had him on a ledge;
and I'm afraid that had I not been there
He might have slipped off the edge.

We spent nearly two hours praying and I encouraged him to hold on to hope;
Thankfully with God's help,
it was just enough for him to loosen the rope.

He felt alone though he had many friends and numerous affiliations, however,
Neither was willing to listen or help to address his worsening situation.

He was depressed and even tried prescribed medication
but now it seems nothing worked to lift him out of the situation.

You may have friends who are in similar positions like this;
locked in spiraling situations and need just your ears and encouragement
to steady themselves through the crisis.
And even if you are not aware of their circumstances
you can still offer words of prayer;
that God may restore their broken state and bring them unscathed through the fire.

The story is told about a New York City policeman investigating a case. He made a phone call, but even before he finished dialing, he somehow knew he had made a mistake. He let it ring, though. The phone rang once, twice – then someone picked it up. "You've got the wrong number!" a husky male voice snapped before the line went dead. Mystified, the policeman dialed again. "I said you got the wrong number!" the voice growled. Once more the phone clicked down. The policeman asked himself, *how could he possibly know I had the wrong number?* A cop is trained to be curious – and concerned. So he dialed a third time. "Hey, c'mon," the voice said. "Is this you again?" "Yeah, it's me. I was wondering how you knew I had the wrong number before I even said anything." "You figure it out!" The phone slammed down. The policeman sat there for a while, thinking. Then he called the man back. "Did you figure it out yet?" the man asked. "The only thing I can think of is nobody ever calls you." "You got it!" The phone went dead for the fourth time. Chuckling, the officer dialed the man back. "What do you want now?" asked the man. "I thought I'd call – just to say hello," the policeman smiled into the phone. "Hello? Why?" "Well, if nobody ever calls you, I thought maybe I should."

We live in a world of lonely people (many of them, ironically, surrounded by other lonely people). And all of our technology hasn't made things any better. Today, you can have hundreds of Facebook friends, but not have one person who will be there when you need them or who will listen when you have something to share.

Many in the world are like the Psalmist who said,

APPENDIX 'D' (CONT'D) TO FORCE ORDERS NO. 3665 DATED 2017-08-31

I am like a desert owl, like an owl living among the ruins. I lie awake. I am like a lonely bird on a housetop. (Psalm 102:6-7, NCV)

Sometimes, that loneliness expresses itself in gruffness and an apparent attempt to push people away. In reality, there's an aching desire to know that someone truly cares, that someone loves them unconditionally, and that someone is willing to listen. Jesus reached out to those who were outcasts, experiencing loneliness. May we, as His people, keep our eyes open to those around us every day that live in loneliness, and may we share the love of Christ in a way they may have never seen before.

JUST FOR LAUGHS!!!

Two mad men organized to run away from Bellevue Hospital. They started planning that they will go to the gate, beat up the security guard and open the gate and run away. When they reached the gate, the security guard wasn't there and the gate was wide open. They said, "Blow wow, wi plan fail, mek wi go back we wi try again tomorrow".
