Sub. No. 1 PROJECT - 150TH STATION FIX-UP (#150thStationFixUp)

The Honourable Minister, in keeping with the Ministry's Five Pillar Strategy – **Effective Policing** and as part of the commemoration of the Jamaica Constabulary Force (JCF) 150th year celebrations, has issued directives for the general improvement of all police stations under the Ministry's project #150thStationFixUp. Implementation of this project will take place during the period June to November, 2017.

In recognition of the importance of the well-being of police personnel, the Ministry has undertaken this initiative which is expected to contribute to their improved morale and performance. Project #150thStationFixUp also aims to generate and enhance dialogue and partnership between police personnel and critical community stakeholders and partners including Custodes through the Consultative Committees.

As a requirement for accessing grant support under this initiative, Divisional Commanders and Station Managers are being asked to submit requests for minor repairs to their respective police stations in amounts not exceeding Two Hundred and Fifty Thousand Dollars (\$250,000.00). This should be done using the prescribed application form attached to these Orders as [Appendix 'A'](#) and in keeping with the Ministry's guidelines which are attached to these Orders as [Appendix 'B'](#).

All completed application forms and relevant accompanying documents for the project #150thStationFixUp should be submitted to the Ministry during the period **June 1 to July 31, 2017**. Hard copy documents may be accessed from the JCF – Community Safety and Security Branch office, while electronic forms can be downloaded from the Ministry's website at www.mns.gov.jm and the Jamaica Constabulary Force's website www.jcf.gov.jm via #150thStationFixUp.

For additional information about this project, you may contact Ms. Kerry-Lee Chin at 906-4908 Ext. 3184, or by email at Kerry-lee.chin@mns.gov.jm.

Sub. No. 2 AMENDMENT - NON-ATTENDANCE OF POLICE WITNESSES AT COURT

Force Orders No. 3608, Part I, Sub. No. 8 dated 2016-07-28, is hereby republished with amendments, for general information and strict compliance.

It is noted that despite the republication of instructions contained in Force Orders No. 1366, Part I, Sub. No. 4 dated 9th August, 1973, the practice of police witnesses failing to attend courts still gives cause for concern. The unnecessary delays caused by such non-attendance may be classified as discourtesy, disrespect and contempt of the courts and the process of justice.

In addition, warrants have been executed on several police witnesses in recent times because of their failure to attend court when required and suitable arrangements were not made to properly inform the court of their inability to attend. Court attendance by police witnesses is a priority and must always be treated professionally.

In cases where a Prosecution Liaison Officer (PLO) has been appointed, investigating officers retain full responsibility for the case and should utilize the PLO to undertake activities on their behalf, in particular, attendance at court for Mention Date, Plea and Case Management Hearings etc., providing that the PLO has been fully briefed and the outstanding actions are being dealt with expeditiously.

This will then allow the investigating officer to undertake further investigative enquiries and to promptly address all outstanding actions required to ensure that an effective prosecution is made.

Investigating officers should only attend court for a known bail application and for any trial date(s).

FORCE ORDERS (CONT'D)

SERIAL NO. 3656

REMINDER - NON-ATTENDANCE OF POLICE WITNESSES AT COURT (CONT'D)

If for any good reason a member of the Force is unable to attend court when required to do so, every effort must be made to inform the court in good time before the hearing, giving reason(s) for the non-attendance.

Every case of infringement will be regarded as disobedience of my orders, and disciplinary action will be taken by way of Court of Enquiry.

Where a member has properly reported sick and is unable to notify the court of his inability to attend court, it shall be the responsibility of his supervisor to ensure that the courts are so informed in advance of the cases being mentioned and a report along with a copy of the medical certificate submitted to each court where the member has a case.

Where a Sub-officer or Constable is required to attend more than one court on the same date, the higher Court takes precedence over the lower and priority should be given to trial cases and cases appearing before the court for the first time. In any case, Clerk of Courts should be informed of the intended absence before the date of the case or as soon as is practicable, before the commencement of the case.

On no account should any member of the Force fail to attend court when required to do so without first informing the Clerk of the Courts.

Any member for whom a Bench Warrant is justifiably issued will expose himself/herself to the possibility of sanctions vide Regulation 47 of the Police Service Regulations, 1961.

Administrative officers and sub-officers incharge Detention and Courts are to pay special attention to this matter.

Commanding officers are hereby directed to personally ensure that the provisions of this order is brought to the attention of all

Sub. No. 3 REMINDER - JAMAICA CONSTABULARY GRIEVANCE PROCEDURE AND POLICY

Force Order No. 3592, Part I, Sub. No. 1 dated 2016-04-07, is hereby republished with minor amendments for general information.

The Nature of policing requires periodic engagement in emergency patrol and pursuit operations. All personnel are hereby reminded of the policy treating on the matter.

The following is an extract from the Jamaica Constabulary Force Patrol Policy and Procedures published in its entirety in Force Orders No. 2272 dated 1990-12-20 and an extract published in Force Orders No. 3258 dated 2009-11-12, for general information and strict compliance.

- A. This section deals with procedures relating to patrol or other police responses to calls for police service. There are three classes of calls:

1. priority one call - this is a call of extreme emergency when a police vehicle is engaged in pursuit circumstances or is responding to a high priority call or a sudden state of danger requiring immediate police action.

The following constitute priority one calls:

- a. response to a life-threatening situation or serious crime-in-progress such as burglary, bomb threat, kidnapping, police personnel in distress situations, prowler calls, fire, etc.;

Sub. No. 5 REMINDER - THE JAMAICA CONSTABULARY FORCE (JCF) GANG REDUCTION STRATEGY

Force Orders No. 3655, Part I, Sub. No. 1 dated 2017-06-22, is hereby republished for general information.

The Jamaica Constabulary Force is mandated to provide policing services in a task environment that is unstable, has very limited resources and is extremely violent. Within that context, in the last two years, the JCF has been focusing significant efforts on using the Criminal Justice (Suppression of Criminal Organization) Act, to impact the gangs with varying degrees of success. The Jamaica Constabulary Force Gang Reduction Strategy attached to Force Orders No. 3655 dated 2017-06-22 as Appendix 'A' is designed to ensure all the components of the JCF (investigation and operation) work seamlessly and that joint efforts with external and internal partners are geared towards addressing the gang problem in a coordinated manner.

FORCE ORDERS (CONT'D)

29TH JUNE, 2017

SERIAL NO. 3656

REMINDER - THE JAMAICA CONSTABULARY FORCE (JCF) GANG REDUCTION STRATEGY (CONT'D)

This strategy recognizes the rate at which gangs have been able to replace their members who have been impacted by law enforcement, making it difficult for the police to dismantle these gangs. In recognition of this reality, this strategy departs from previous anti-gang efforts, by placing greater focus on the important issue of prevention and diversion of persons who are likely to join gangs or those who are on the fringes and can be pulled back from becoming core members.

The strategy also recognizes the important role played by environmental design in either making it harder or easier for gangs to operate with impunity. A joined up government approach to treat with critical issues in the justice system and at the community level, is therefore required.

In that regard, this strategy is built around the following components:

- Suppression
- Prevention and Diversion
- Supportive Environment for Successful Anti-Gang Efforts
- Strategic Communication
- Effective Coordination

Representatives from National Strategic Anti-Gang Unit (NSAU) within C-TOC will be visiting Area and Divisional Managers to ensure that the relevant stakeholders are fully briefed on what is required for the effective implementation of this strategy.

Sub. No. 6 REMINDER - JAMAICA CONSTABULARY FORCE (JCF) 150TH ANNIVERSARY RAFFLE

That means a member has to sell a minimum of thirty (30) ticket books (3000 tickets) to qualify and the person who sells the most over three thousand (3000) will win the prize.

**APPENDIX 'C' JAMAICA CONSTABULARY REVISED GRIEVANCE PROCEDURE AND POLICY
TO FORCE ORDERS NO. 3656 DATED 2017-06-29**

JAMAICA CONSTABULARY REVISED GRIEVANCE PROCEDURE AND POLICY

1. Introduction

Grievance Procedures are means of dispute resolution that can be used by a company to address complaints by employees. Grievances may be any measure of situation which concerns the relations between the employer and the employee or which may affect the conditions of employment, concerns, problems or complaints identified by an employee and must be made in writing. In some instances the settling of grievances becomes a sort of scoreboard that reinforces a negative mentality towards management by the labour force. However before using the grievance procedure it is expected that the employee/group will try to resolve their complaint informally.

A grievance procedure policy adaptable to modern policing will reduce fear of recrimination, prevent abuse and or overuse of the procedure, and increase confidence in the outcomes and boost worker morale. This Grievance Procedure Policy provides a medium where any member can have his /her grievance addressed justly and promptly.

2. Purpose and Scope

The purpose of the grievance procedure is to establish a system through which all employees may file a grievance and receive the assurance that as far as possible, grievable issues are dealt with equitably, and the resolution of such grievances secures the respect of the parties.

- 2.1 The use of the Grievance Procedure Policy shall be a means of ensuring a final settlement in a specific procedure for dealing with issues identified as grievances.
- 2.2 The existence of grievances within the organisation can have detrimental effect on service delivery. Grievances, therefore, should be resolved quickly and close to the point of origin as possible.
- 2.3 Members of staff have the right to representation at each stage of the procedure by a recognised Staff side organisation if they wish.
- 2.4 Any member who raises a grievance shall not in any way be victimised as a consequence. This is equally applicable to the respondent. However any member who abuses the spirit and aim of this policy by making malicious and spurious claims may be the subject of disciplinary proceedings as a consequence.
- 2.5 Stated timescales and results/decisions/recommendations must be adhered to by all parties. At the conclusion of the appeals process the final decision of the Management Board/Services Commission shall be the final decision and shall be adhered to by all parties.
- 2.6 Where any dubiety exists concerning the legitimacy of a grievance submission, the final decision on whether the matter progressed within the ambits of this policy shall rest with the Chair of the national Grievance Management Board.
- 2.7 All members who are parties to the grievance will be required to submit any information pertinent to the investigations into the matter.
- 2.8 Where a grievance is raised against a colleague by another, that member shall be advised of the allegations made against him/her at the earliest opportunity.

APPENDIX 'C' (CONT'D) TO FORCE ORDERS NO. 3656 DATED 2017-06-29

2.9 If a related disciplinary issue shall arise at the time of the submission of the report the disciplinary charge shall take precedence over the grievance procedure and such proceedings suspended until the disciplinary matter(s) have been disposed of.

2.1.0 At all stages of the grievance procedure confidentiality shall be guaranteed to all parties as in so far as it is compatible with fair and just handling of the matter.

Five persons shall constitute a quorum inclusive of the Chair and Secretary. APPENDIX 'D' WORLD BLOOD DONOR DAY 2017 - MEDICAL SERVICES BRANCH
TO FORCE ORDERS NO. 3656 DATED 2017-06-29

What can you do? Give blood. Give now. Give often

Every year, on June 14, countries around the world celebrate World Blood Donor Day (WBDD). The event serves to raise awareness of the need for safe blood and blood products and to thank blood donors for their life-saving gifts of blood.

Blood is an important resource, both for planned treatments and urgent interventions. It can help patients suffering from life-threatening conditions live longer and with a higher quality of life, and supports complex medical and surgical procedures. Blood is also vital for treating the wounded during emergencies of all kinds (natural disasters, accidents, armed conflicts, etc.) and has an essential, life-saving role in pregnancy (maternal and perinatal care).

Focus of this year's campaign

The lives and health of millions of people are affected by emergencies every year. In the last decade, disasters have caused more than 1 million deaths, with more than 250 million people being affected by emergencies every year. Natural disasters such as earthquakes, hurricanes and floods create considerable needs for emergency health care, while at the same time, often destroying vital health facilities as well. Man-made disasters such as motor vehicle accidents and violent incidents e.g. shooting, stabbing also generate substantial health care demands and the need for front-line treatment.

Blood transfusion is an essential component of emergency health care. Emergencies increase the demand for blood transfusion and make its delivery challenging and complex. Adequate supply of blood during emergencies requires a blood donor population committed to **voluntary unpaid blood donation throughout the year.**

Slogan: What can you do? Give blood. Give now. Give often

This year's campaign will focus on blood donation in emergencies. In crisis or emergency situation, the natural human response is "What can I do? How can I help?" Therefore, the slogan for the 2017 campaign is: What can you do?, with the secondary message: Give blood. Give now. Give often.

The campaign underlines the role every single person can play in helping others in emergency situations, by giving the valuable gift of blood. It also focuses on the fact that it is important to

APPENDIX 'D' (CONT'D) TO FORCE ORDERS NO. 3656 DATED 2017-06-29

give blood regularly, so that the blood stock is sufficient before an emergency arises.

The objectives of this year's campaign

- to encourage all people to strengthen the emergency preparedness of health services in their community by donating blood;
- to promote the inclusion of blood transfusion services in national emergency preparedness and response activities;
- to build wider public awareness of the need for committed, year-round blood donation, in order to maintain adequate supplies and achieve a national self-sufficiency of blood;
- to celebrate and thank individuals who donate blood regularly and to encourage young people to become new donors as well;
- to promote international collaboration and to ensure worldwide dissemination of and consensus on the principles of voluntary non-remunerated donation, while increasing blood safety and availability.

Facts about Blood Donation

- A single unit of donated blood can save up to three (3) lives
- Many patients requiring transfusion, particularly in developing countries, do not have timely access to safe blood.
- Regularly voluntary blood donors are the safest source of blood, as there are few blood borne infections among these donors than among people who donate for family members in emergencies or who give blood for payment.
- World Health Organization's (WHO) goal is for all countries to obtain all their blood supplies from 100% **Voluntary Unpaid** donors by 2020. Jamaica also is aiming to achieve this goal

Be a Voluntary Unpaid Donor today – the Life you save tomorrow might be your own! If you want to donate blood you can visit one of the collection centres in Jamaica listed at the following website- <http://nbts.gov.jm/collection-centres/> (Information for this article is derived from WHO website)
